1987 FALL SEMESTER Registration Instructions

Advance Enrollment

ALL CONTINUING STUDENTS (except part-time nondegree students) have the opportunity to select fall semester courses during ADVANCE ENROLLMENT held from Wednesday, April 15, through Wednesday, April 22. Part-time nondegree students may not advance enroll.

NEW AND READMITTED UNDERGRADUATE STUDENTS complete advance enrollment during the summer and are individually notified of their appointments. New and readmitted GRADUATE STUDENTS are notified by their department if they may advance enroll.

Advance enrollment is not mandatory; however, the possibility of obtaining the course schedule desired is enhanced by participation. Students who advance enroll may register-by-mail. Students who do not advance enroll must attend on-campus registration on August 24 and 25, 1987.

Course Selection

During advance enrollment, students request courses and sections in which they wish to enroll for the fall semester; academic departments, within the limitations of instructional resources, attempt to accommodate student requests. This process begins with each eligible student completing a Program Request Form.

Program Request Forms

Students must complete a Program Request Form to advance enroll for the 1987 fall semester, and must use only this *Timetable* and the Program Worksheets included to plan a study program and to keep a record of course requests. Undergraduate and professional students obtain and complete Program Request Forms at their college offices. Graduate students obtain Program Request Forms from their major departmental offices. Information from the Program Worksheet is to be transferred to the Program Request Form.

The Program Request Form is used to record requests for courses and sections and should be completed in consultation with an adviser; those enrolled in colleges which permit self-advising should submit the form in accordance with instructions from the college and those given on the back of the form. Correct completion of the Program Request Form is essential for advance enrollment and registration-by-mail.

Although the University attempts to honor student requests for specific courses and sections, advance enrollment scheduling is conducted in a way which will provide the greatest number of acceptable schedules for all advance-enrolled students.

Course requests at advance enrollment and on-campus registration are accepted according to enrollment conditions imposed by the offering departments. Colleges and departments reserve the right to:

- Impose enrollment prerequisites.
- Reassign students to other sections in a course.
- Withdraw students from certain courses or sections after advance enrollment and/or on-campus registration.
- Cancel course offerings or sections for legitimate educational reasons (e.g., whenever minimum enrollment standards have not been met).

Conditions for course enrollment and changes may be publicized in the *Timetable*, *Timetable Supplement*, or other media available to the University, and at locations where students request sectioning approval from departmental representatives.

Who May Advance Enroll

- Currently enrolled students in degree programs.
- Students newly admitted or readmitted to degree programs.

Who May Not Advance Enroll

- Students graduating in May 1987, unless they are approved to pursue a graduate, professional, or a second baccalaureate degree.
- Part-time nondegree students.

How To Advance Enroll

CONTINUING PROFESSIONAL AND UNDERGRADUATE STUDENTS go to their college offices between April 15 and April 22 to complete a Program Request Form, unless informed otherwise by their departmental or college offices. Additional information about advance enrollment is available in each college office.

CONTINUING GRADUATE STUDENTS go to their departmental offices to complete a Program Request Form. Graduate students should contact their departmental offices for more information about advance enrollment.

NEW AND READMITTED STUDENTS will be given information describing their initial registration in their Notice of Admission.

Midsemester Study List/Address Collection Form

A combination Midsemester Study List/Address Collection Form will be available to each continuing student in early April. Undergraduate and professional students will receive this form by mail; graduate students obtain the form from their departmental offices.

Courses listed on the Midsemester Study List represent the University's record of course enrollment for the 1987 spring semester. The list should be checked carefully, and errors in either courses or credit should be reported immediately to the student's college office. Course section errors should be reported to the department offering the course.

The Address Collection Form lists the addresses currently recorded for each student. If any of the addresses are incorrect, the student should enter the corrections on the Address Collection Form and return it either in person at Window 27, 100 Administration Building, or by campus or U.S. mail to: Office of Admissions and Records, 10 Administration Building, 506 South Wright Street, Urbana, IL 61801.

Registration-by-Mail materials for the 1987 fall semester will be sent (within the United States, Canada, Mexico, Puerto Rico, the Virgin Islands, and Guam) to the permanent home address listed on the Address Collection Form. Undeliverable mail will be available in 138 Administration Building beginning August 11, 1987. Those wishing Registration-by-Mail materials to be sent to an address within the United States different from the listed permanent home address should indicate that address on the Address Collection Form.

Foreign students may give an alternate address to which registration materials may be sent, or they may pick them up beginning August 11, 1987, at the Registration Services Office, Window 27, 100 Administration Building.

Registration-by-Mail

Registration Information Center

A Registration Information Center will be open in 138 Administration Building from 8:00 a.m. to 5:00 p.m. each weekday beginning Tuesday,

August 11, 1987, through Tuesday, August 25, 1987. Questions about registration may be asked either in person at the center or by calling (217) 333-0660 or 333-0661. Signed Registration Agreements may be deposited in this room until 5:00 p.m., August 25, 1987.

Registration-by-Mail Materials

Advance-enrolled students, except those encumbered as of 4:00 p.m. on July 31 for financial reasons or as of 1:00 p.m. on August 4 for other reasons, will be mailed registration materials beginning August 10, 1987. **Those not receiving materials by mail must attend on-campus registration.**

Included in mailed materials will be

- Individual class schedules for the fall semester
- Individual Registration Agreements with local, permanent home, and parent/guardian/spouse addresses

Students must correct any incorrect address information before returning the Registration Agreement. It is necessary to furnish a **complete** mailing address in the area identified as "Local Address" so that the Registration Statement of Charges and Aid can be received promptly. Students living in private homes, apartments, or rooming houses should be certain their names are on their mailboxes to ensure delivery by the local postal service. Those who do not know their local address should indicate their intention to pick up their Registration Statement of Charges and Aid in person at the Post-Registration Service Center by marking the appropriate space on the Registration Agreement.

Persons who live at the address identified on the Registration Agreement as "Permanent Home Address" **must** furnish that same address in the area identified as "Local Address."

Students must sign and return the Registration Agreement to the Office of Admissions and Records so that it is received by no later than 5:00 p.m., Tuesday, August 25. Return may be accomplished by any one of the following means:

- U.S. mail to the address given on the agreement (allow at least five days for delivery)
- Deposit at the Registration Information Center, 138 Administration Building
- Deposit in the Armory during the on-campus registration period

Students must not use campus drop boxes to return the Registration Agreement. Once the signed Registration Agreement is received, the student is entitled, beginning the first day of classes, to most services and benefits available to fully registered students.

Students who fail to return signed Registration Agreements for receipt by the Office of Admissions and Records by 5:00 p.m., Tuesday, August 25, will have their advance enrollment course schedules cancelled and will be required to participate in late registration.

Advance-Enrolled Students Who Need To Make Schedule Changes

Students who need to make changes in their advance enrollment schedules should sign and return their Registration Agreement and then attend on-campus registration according to the alphabetical order of registration to make required adjustments. Because many class sections are filled during on-campus registration, students are best served by making changes during that period; in addition, at that time most departments have staff available at a single location to offer advice and assistance.

Students are reminded to bring their preprinted schedules of classes to on-campus registration. Students with questions should call (217) 333-0660 or 333-0661, or visit the Registration Information Center, 138 Administration Building, weekdays between 8:00 a.m. and 5:00 p.m. beginning Tuesday, August 11, through Tuesday, August 25, 1987.

Advance-Enrolled, Encumbered Students

Students who advance-enrolled but were encumbered by a campus office for failure to discharge some financial responsibility or other obligation may not register by mail. They will receive an advance enrollment schedule with information about the encumbrance and will be required to attend on-campus registration.

Advance-enrolled, encumbered students must go first to Document Distribution, Station B in the Armory during on-campus registration

to begin the clearance procedure which will permit them to receive, sign, and return a Registration Agreement.

Nonadvance-Enrolled Students

Students who did not advance enroll must complete on-campus registration in the Armory as indicated below.

On-Campus Registration

On-campus registration will be held on Monday, August 24, and Tuesday, August 25, 1987, in the Armory during the hours given in the official Alphabetical Order of Registration.

Who Should Attend On-Campus Registration

- Advance-enrolled students who need to make schedule changes.
- Advance-enrolled students who did not receive Registration-by-Mail materials.
- Advance-enrolled students who have been encumbered.
- Advance-enrolled students who choose not to return their Registration Agreement by U.S. mail or in person in 138 Administration Building.
- Students who did not advance enroll.

On-Campus Registration Procedures

For advance-enrolled students making schedule changes:

Students needing to add or drop courses or to make section changes should return their Registration Agreement by 5:00 p.m., Tuesday, August 25, and also make the necessary changes by attending on-campus registration at their appointed times.

To add or drop a course, or to change credit for a course in which enrolled:

GRADUATE STUDENTS	Go first to their major departmental office to complete a Change of Program Form which is signed by the adviser and then taken to the appropriate clerk in the Course Sectioning Area in the Armory.
COMMERCE, NURSING, VET. MED., LAW, MEDICINE STUDENTS	Go first to their college of enrollment to obtain a Change of Program Form and an adviser's signature, if required; the form is then taken to the appropriate clerk in the Course Sectioning Area in the Armory.
ALL OTHER STUDENTS	Go first to their college adviser in the Course Sectioning Area in the Armory to obtain a Change of Program Form and adviser's signature, if required.

To change a section:

ALL STUDENTS	Go to the appropriate sectioning table in the Armory to obtain a Change of Section Form. No adviser or college approval is necessary.
--------------------	---

STUDENTS MUST COMPLETE AND SUBMIT A REGISTRATION AGREEMENT BEFORE LEAVING THE ARMORY.

For advance-enrolled, encumbered students:

Encumbered students obtain an Encumbrance Clearance Form at Document Distribution, Station B, in the Armory; the form contains instructions for removal of the encumbrance(s). Once clearance has been obtained and recorded on the clearance form, it must be exchanged for a Registration Agreement at Station D. STUDENTS MUST COMPLETE AND SUBMIT A REGISTRATION AGREEMENT BEFORE LEAVING THE ARMORY.

For advance-enrolled students who did not return their Registration Agreements:

Advance-enrolled students who do not mail their Registration Agreement to the Office of Admissions and Records or deposit it in 138 Administration Building must complete on-campus registration held on August 24 and 25 in the Armory. Students who have lost their

Registration Agreement should go to the Armory to obtain a duplicate copy. STUDENTS MUST COMPLETE AND SUBMIT A REGISTRATION AGREEMENT BEFORE LEAVING THE ARMORY.

For nonadvance-enrolled students:

GRADUATE STUDENTS Complete a Program Request Form and obtain other registration materials at their adviser's office on or after August 17. Complete course sectioning in the Armory at the time shown in the order of registration.

UNDERGRADUATE AND PROFESSIONAL STUDENTS Unless receiving instructions to the contrary, go at the time indicated in the order of registration to their college location (given below) to complete a Program Request Form and to receive a Registration Agreement and instructions about meeting with advisers and completing on-campus registration.

STUDENTS MUST COMPLETE AND SUBMIT A REGISTRATION AGREEMENT BEFORE LEAVING THE ARMORY.

For nonadvance-enrolled, encumbered students:

GRADUATE STUDENTS Complete a Program Request Form and obtain their adviser's approval at their major departmental office on or after August 17. Take the form to Document Distribution, Station B in the Armory (enter through the south central door) and obtain an Encumbrance Clearance Form. After clearances have been obtained and recorded on the clearance form, exchange it for a Registration Agreement at Station D. Complete course sectioning in the Armory at the time indicated in the order of registration.

UNDERGRADUATE AND PROFESSIONAL STUDENTS Proceed to their college location (given below) at the time indicated in the order of registration to obtain a college authorization card. Take the card to Document Distribution, Station B in the Armory (enter through the south central door) and exchange it for an Encumbrance Clearance Form. After clearances have been obtained and recorded on the clearance form, exchange it for a Registration Agreement at Station D. Entrance to the Course Sectioning Area is then permitted.

STUDENTS MUST COMPLETE AND SUBMIT A REGISTRATION AGREEMENT BEFORE LEAVING THE ARMORY.

On-Campus Course Sectioning

To be admitted to the Course Sectioning Area in the Armory, students must present either an Advance Enrollment Schedule or a Registration Agreement at or after the time indicated in the order or registration. The following transactions can be completed in the sectioning area:

COURSE TRANSACTIONS

Advance-enrolled students:

Program Change (add or drop courses or change credit)

Section Change

Nonadvance-enrolled students:

Program Request

FORMS REQUIRED

Advance Enrollment Schedule

Change of Program Form approved by an adviser (approval is not required for eligible students in colleges which permit self-advising)

Advance Enrollment Schedule
Completed Change of Section Form

On-campus Registration Agreement

Program Request Form approved by an adviser (approval is not required for eligible students in colleges which permit self-advising)

Most course transactions which have been approved by advisers, if required, can be completed in the sectioning area by a representative of the department offering the course. If a space is available, the representative will enter the required approval on the Program Request, Change of Program, or Change of Section form.

During on-campus registration, students who submit Program Request, Change of Program, and/or Change of Section forms but who fail to include complete written information, which clearly identifies the course or section in which they wish to enroll, will forfeit the departmental approval to enroll that was obtained by having their names added to the course list. Consequently, such students must compete with all others who wish to add that course/section after instruction begins.

Completion of On-Campus Registration Agreement

Students who did not return a signed Registration Agreement either by mail or in person in 138 Administration Building **must** submit one during on-campus registration in the Armory.

It is necessary to furnish a **complete** mailing address in the area identified as "Local Address" on the Registration Agreement so that the Registration Statement of Charges and Aid can be received promptly. Students living in private homes, apartments, or rooming houses should be certain their names are on their mailboxes to ensure delivery by the local postal service. Those who do not know their local address should indicate their intention to pick up their Registration Statement of Charges and Aid in person at the Post-Registration Service Center by marking the appropriate space on the Registration Agreement.

Persons who are living at the address identified as "Permanent Home Address" must furnish that same address in the area identified as "Local Address." Students should turn in their Registration Agreement and other completed forms before leaving the Armory.

Registration Agreements must be signed. The student's signature constitutes an agreement to pay all registration charges (or the first installment amount) by the due date shown on the agreement. Receipt of the signed agreement by the University before 5:00 p.m., Tuesday, August 25, enrolls the student in the courses listed on either the advance enrollment schedule or the completed and approved on-campus Program Request Form (subject to the policy on course enrollment given elsewhere in this *Timetable*). Although no registration is complete until tuition and fee charges have been paid, most services and benefits are available to fully registered students beginning the first day of classes.

Other Activities at On-Campus Registration

Stations are available in the Armory for students to:

- Make encumbrance payments and clear most encumbrances
- Change insurance coverage
- Purchase dependent insurance coverage.
- Obtain new or replacement ID cards.

- Suppress the release of directory information.
- Obtain information about tuition, fees, and financial aid

Post-Registration Service Center

A Post-Registration Service Center, located in the Illini Union, Second Floor South, will be open after on-campus registration to help students resolve registration problems and to provide assistance in other matters related to registration.

The center will observe the following weekday hours (it will be closed on weekends)

August 27 and 28: 9:00 a.m.-4:00 p.m.
 August 31-September 4: 9:00 a.m.-4:00 p.m.
 September 8-10: 9:00 a.m.-4:00 p.m.
 September 11: 9:00 a.m.-12:00 noon
 Closed: Weekends and Monday, September 7 (Labor Day)

The following activities will be supported in the Post-Registration Service Center, Illini Union, Second Floor South:

- Answers to questions concerning fee assessment and graduate or fellowship appointments
- Answers to questions concerning financial aid.
- Answers to questions concerning residency status.*
- Collection of cash payments for tuition and fee charges

- Suppressing the release of directory information (first five days only).*
- Requests for Registration Statement of Charges and Aid replacement.
- Adjustment of incorrect Registration Statements of Charges and Aid.
- Will-call Registration Statements of Charges and Aid pick up.
- ID card replacement.*
- Health insurance exemption and dependent coverage.
- Late registration, except course transactions which are processed in college and department offices.*

* These services will be the only ones available on Thursday, August 27, and Friday, August 28

Late Registration

Late registration will be conducted in the Post-Registration Service Center, Illini Union, Second Floor South, from Thursday, August 27, until 12:00 noon on Friday, September 11. Late registration will resume at 9:00 a.m. on September 14 at Window 25, 100 Administration Building. Late registration will not be conducted on the afternoon of September 11. TO BEGIN LATE REGISTRATION, STUDENTS SHOULD GO FIRST TO THE LOCATION BELOW FOR REGISTRATION MATERIALS.

Location of Late Registration Materials

- Nonadvance-enrolled undergraduate and professional students: office of the college of enrollment.
- Advance-enrolled undergraduate and professional students: Post-Registration Service Center until 12:00 noon on September 11; beginning September 14, Window 25, 100 Administration Building.
- All graduate students: office of the department of enrollment.

Students who do not return a Registration Agreement by 5:00 p.m., Tuesday, August 25, will have courses reserved at either advance enrollment or on-campus registration cancelled. If they subsequently complete registration, they will be assessed a late registration fine which may be waived upon petition in exceptional circumstances, such as serious illness or death in the immediate family, activities during the registration period which benefit the student's academic program, or circumstances beyond the student's control. The petition form is available at the Post-Registration Service Center, Illini Union Building, Second Floor South; and, beginning September 14, at Window 25, 100 Administration Building.

Undergraduate students may register after the fifth day of instruction only with the written consent of their college dean.

Registration of Nondegree, Part-Time Students

Undergraduate, part-time, nondegree students must complete registration on September 1 and 2. Graduate and professional, part-time, nondegree students must register between September 1 and September 11 (12:00 noon). Part-time, nondegree students who register on these dates will not be charged the late registration fine.

Undergraduate and professional nondegree students go to their college offices to obtain registration materials. Graduate nondegree students obtain registration materials from their advisers in the major department of enrollment and bring them to B-3 North, Coble Hall for approval. All students must then bring their registration forms to the Post-Registration Service Center in the Illini Union, Second Floor South, to complete the registration process.

Nonacademic employees of the University, in addition to being eligible to register, require the written approval of the director of the Urbana-Champaign Personnel Services Office to enroll in courses. For further information telephone 333-2142.

Listeners or Visitors: Auditing a Course

A "visitor" is only a listener in the classes attended and is not a participant in any part of the exercises. Visitors are not permitted in laboratory, military, physical education (other than theory), or studio classes. Students on "dropped" status are not eligible to visit classes.

Permission for enrolled students to attend a class as listeners or visitors is granted only by the instructor of the class and with the approval of the dean of the student's college. Written approval must be obtained on an official Visitor's Permit available at college offices. Former students not currently registered must obtain the approval of the dean of the college in which they were last registered. Persons not previously registered obtain the approval of the dean of the college in which the course is offered. Nonacademic employees of the University also must secure the recommendation of the head of the department in which they work and approval of the director of the Urbana-Champaign Personnel Services Office.

Registered students on a full fee schedule (Range I) and those holding scholarships, tuition waivers, or staff appointments which exempt them from tuition are not charged a fee for visiting classes.

Persons with scholarships that are specifically limited by law to courses for residence credit only are charged a \$15 fee for each course attended as a visitor.

Persons who are not registered in University courses and students registered on campus on a partial program fee schedule (Range II, III, or IV) are charged a fee of \$15 for each course attended on campus as a visitor only.

The visitor's fee is waived for persons sixty-five years of age or older. Proof of age must be presented at the Registration Services Office, Window 25, 100 Administration Building.

Persons registered as visitors who desire to withdraw receive a full refund of the visitor's fee, if originally charged, provided they make a personal request for a refund at Window 27, 100 Administration Building during the first ten days of instruction. **Refund deadline for the 1987 fall semester is 4:00 p.m., Friday, September 11.** Thereafter, no refund is made.

Tuition and Fees

Tuition and fee charges for the 1987 fall semester were not available when this *Timetable* was published. The tuition and fees given in the schedule on page 10 were for the 1987 spring semester and may be used for planning purposes. Students should be aware that tuition and fee charges may increase.

Students registered on campus are assessed tuition on the basis of their college of enrollment (undergraduate, graduate, or professional); residence classification (Illinois or non-Illinois resident); and credit range, which is determined by the number of semester hours and/or graduate units for which a student is registered. There is also a tuition differential for lower and upper division undergraduate students; undergraduate nondegree students are assessed at the upper division tuition rate. Credit for undergraduate course work is counted in semester hours; credit for graduate course work is counted in units. For tuition and fee assessment purposes, 1 graduate unit is equivalent to 4 semester hours. Tuition and fee information is available at the Registration Services Office, Window 25, 100 Administration Building, (217) 333-0210.

Residency Classification

The residency classification of students for admission and tuition assessment purposes is determined on the basis of the information given on the admission application and other credentials. Students who desire to change their assigned residency status must submit a petition. The residency regulations and the petition form are available in 178 Administration Building. The petition for a change in residency classification for any academic term must be submitted within twenty

¹In cases of extenuating circumstances, such as medically documented serious illness or injury, exceptions to these refund periods may be made by the director of admissions and records, acting on a petition submitted by the student. Petition forms are available at Window 27, 100 Administration Building

days after registration or the first day of instruction, whichever is later, or the student loses all rights to a change in status and/or adjustment of the tuition assessed for that term.

Students for Equal Access to Learning (SEAL Fund)

Students registered on campus pay a \$4 fee each semester to supplement existing financial aid for needy students. A refund is available at the Office of Business Affairs, 100 Administration Building, to students who do not desire to participate, beginning October 12 and ending October 23, 1987.

Student Organization Resource Fee (SORF)

Students registered on campus pay a \$4 fee during each registration to support the Student Legal Service and to help fund programs and/or services of registered organizations. A refund is available at the Office of Business Affairs, 100 Administration Building, to those students who do not desire to participate, beginning September 28 and ending October 9, 1987.

Student Government Association Fee (SGA)

All registered students are assessed a nonrefundable \$1 fee each semester to support the activities of the Student Government Association

Graduation Fee

A \$15 graduation fee is assessed all students during the term in which they become degree candidates. Proceeds from this fee are used to defray partially the costs of commencement and recognition of student achievements. The graduation fee does not appear on the Registration Statement of Charges and Aid. (The fee does appear on the Student Accounts Receivable Statement.) No exemptions or waivers are authorized for this fee

Emergency Short-Term and Intermediate Loans

In emergencies, UIUC students who have completed all steps in the registration process, including payment of tuition and fees, may be eligible to negotiate emergency short-term or intermediate loans. For information, students who are U.S. citizens should go to 130 Fred H. Turner Student Services Building; international students should go to 510 East Daniel Street, Champaign.

Tuition and Fees Billing

Billing and payment of tuition and fees, housing, and other registration charges occur after on-campus registration. Students who return a signed Registration Agreement and clear all encumbrances by 5:00 p.m. on August 25, are in good academic standing, and provide the University with a correct local mailing address on their Registration Agreement will be mailed a Registration Statement of Charges and Aid on or about August 29. Students who do not receive a statement by September 4 must go to the Post-Registration Service Center, Illini Union Building, Second Floor South, to request a duplicate copy. **IT IS THE STUDENT'S RESPONSIBILITY AND OBLIGATION TO OBTAIN A STATEMENT AND TO PAY THE REGISTRATION CHARGES INDICATED BY THE DUE DATE WHETHER OR NOT A STATEMENT WAS RECEIVED AT THE LOCAL ADDRESS**

The Registration Statement of Charges and Aid itemizes all registration charges, financial aid administered by the University, financial aid from external agencies (ISSC, VA, etc.), and any cash aid for which the student is eligible. The installment payment plan, with due dates and finance charges, is explained elsewhere in this *Timetable*.

Students with statements showing cash aid in excess of charges should bring the statement to the Post-Registration Service Center for a check. Checks for students with Registration Statements dated August 25 will be available on September 4. Checks for students whose statements are dated September 4 will be available on September 11.

A personalized ID card validation label is included on each statement. This label is nontransferable and must be placed on the back of the student's ID card

¹ All students are also required to pay refundable fees of \$4 per semester for SEAL (Students for Equal Access to Learning), and \$4 per term for SORF (Student Organization Resource Fee). A nonrefundable \$1 fee also is assessed to support the Student Government Association.

² Tuition and fee schedules for students in the Executive M.B.A. Program and Study Abroad programs are available from the Registration Services Office, Window 25, 100 Administration Building, (217) 333-0210. Students enrolled in the Veterinary Medicine Professional Program are assessed a single tuition rate for each of the four years of the professional curriculum; tuition is not prorated over the traditional four ranges since the professional curriculum requires a full course of study each term.

The Post-Registration Service Center is located in the Illini Union, Second Floor South.

Installment Plan for Paying Tuition, Fees, and Housing Charges

An installment plan for paying tuition and fees, single student residence hall charges, and flight instruction fees is available to students enrolled on campus. The installment plan does not apply to registration in extramural, correspondence, and intersession courses, or to students to whom this privilege has been denied.

Charges for each semester are collected in three installments, the first payable by the due date shown on the Registration Statement of Charges and Aid and the remaining installments payable in each of the two following months.

³ Students in Ranges I-II are assessed a service fee of \$144, a health service fee of \$89, and a health insurance fee of \$44. Students in Ranges III-IV are assessed respective service and health-related fees of \$107, \$89, and \$44.

⁴ Students enrolled in Ranges I-II of this program pay a general fee of \$32, a service fee of \$175, a health service fee of \$89, and a health insurance fee of \$44. Students in Ranges III-IV are assessed respective fees of \$32, \$84, \$89, and \$44. The same fee schedules apply to students enrolled in the Health Sciences Nursing Program at UIUC.

Students electing the installment plan are assessed a finance charge of one percent of the amount deferred or a minimum charge of \$2, whichever is greater (subject to change without notice).

Students who pay their registration charges on the installment basis and later withdraw from the University or reduce their registration to a lower credit range after the established refund deadline date for an academic term are liable for the full amount of tuition and fees assessed.

An installment payment of charges is delinquent on the first day of the month following the date that payment is due.

Payment Deadlines for Tuition, Fees, and Other Charges

Tuition, fees, and other charges must be paid in full or by installment as indicated on the next page.

The Post-Registration Service Center is located in the Illini Union, Second Floor South.

REGISTRATION DATE

For students who register-by-mail or who complete on-campus registration on August 24 and 25. Registration Statements of Charges and Aid will be mailed to the local address given on the Registration Agreement.

For students who register at the Post-Registration Service Center by 4:00 p.m. on Friday, September 4. Registration Statements of Charges and Aid are not mailed. They must be picked up at the Post-Registration Service Center by 12:00 noon on Friday, September 11.

For students who late-register from September 8 through September 11 (12:00 noon). Registration Statements of Charges and Aid must be picked up at Windows 25 or 26 in 100 Administration Building on September 14 and payment made in full or by installment on the same day.

For students who late-register on September 14 or later. Payment of charges in full or by installment must be made the same day that students late register

WARNING

Students who have not made full or the first installment payment by 12:00 noon on September 11, 1987, will not have completed registration. They will be allowed to remain in class and complete registration during the next fourteen calendar days by paying an additional charge of \$25 for failure to complete registration on time.

Students who still have not completed their registration by 4:00 p.m. on September 25, 1987, will be dropped from classes and will not receive credit for the semester.

Students who return their Registration Agreement but fail to make full or first installment payment by 4:00 p.m., September 25, 1987, must pay a nonrefundable charge for the semester amounting to one-half of the service fee plus the entire insurance and health service fees (rounded if necessary to the next higher even dollar), or \$30, whichever is greater. In most cases, payment of this charge entitles students to insurance coverage, use of the McKinley Health Center, and use of intramural-physical education facilities for the semester.

Payment Options

Students may pay tuition and fee charges in full or by installment as explained elsewhere and on the Statement of Charges and Aid. The due dates for payments by both options are shown on the statement.

Payments by check or money order may be made by depositing them in special drop boxes at the following locations until 12:00 noon on Friday, September 11, 1987. Drop boxes may not be used to return Registration Agreements.

- Illinois Street Residence Halls—Illinois Street entrance.
- Florida Avenue Residence Halls—main entrance to Trelease Hall.
- Gregory Drive Snack Bar—south entrance
- Allen Hall—next to the mailboxes.
- Administration Building—east or west entrance.
- Main Library—central corridor.

- Illini Union—southwest entrance.

Students who must make payment in cash should do so at the Post-Registration Service Center in the Illini Union, Second Floor South.

Payments may be made by U.S. mail provided they are received by no later than 12:00 noon on Friday, September 11; students should allow five days for delivery when remitting payment by U.S. mail.

Students in Debt to the University

Students who are in debt to the University at the end of any term may not be permitted to register in the University again. They are not entitled to receive a diploma or an official transcript of credits until either the indebtedness has been paid or suitable arrangements for payment have been made, unless the student either has a bankruptcy petition pending seeking a discharge of all such indebtedness, or all such indebtedness has been discharged.

Delinquent Student Accounts

A delinquent service charge of one percent per month or a minimum monthly charge of \$1 (subject to change without notice), whichever is greater, is added to delinquent student accounts. The delinquent service charge is applied to all items charged to the student account and for which payment is delinquent.

Returned Checks

A penalty of \$10 (subject to change without notice) is assessed students for each check they present to the University which is returned to the Office of Business Affairs for insufficient funds or other reasons. Additional penalties, including dismissal from the University, may be imposed on students who permit their University accounts to become delinquent or who issue checks which are returned to the University unpaid. In most cases, the student who endorses a two-party check is the person who is liable for any penalties which are charged if that check is returned.

Refunds

Cancellation of Registration

Failure to return a signed Registration Agreement by 5:00 p.m., August 25, cancels a student's advance enrollment and obligation to pay tuition and fees for the fall semester.

Students who sign and return a Registration Agreement and later decide not to attend the University may cancel the agreement up to 5:00 p.m. on the first day of classes.

To cancel a Registration Agreement prior to the beginning of an academic term, students must submit a request for cancellation to the Office of Admissions and Records. The request may be made by mail addressed to the Office of Admissions and Records, 10 Administration Building, 506 South Wright Street, Urbana, Illinois 61801. Requests by mail must be received in the Office of Admissions and Records by no later than 5:00 p.m. on the last day of on-campus registration, August 25, 1987. Or, students may bring the request to the Registration Services Office, Window 27, 100 Administration Building, by no later than 4:00 p.m. on August 25, 1987. If either of these options is satisfied, the student's Registration Agreement will be cancelled, and the student will not be charged tuition and fees.

Students who have neither attended any classes nor received any related student services may cancel their Registration Agreement by depositing a completed clearance paper obtained in the office of the dean of their college at the Registration Services Office, Window 27, 100 Administration Building, by no later than 4:00 p.m. on the first day of classes (August 27, 1987). To be relieved of the obligation to pay tuition and fees, students who cancel their Registration Agreement must surrender their permanent ID card and/or the individualized validation label which will accompany their Registration Statement of Charges and Aid. These items must be returned immediately upon receipt of the statement to the Registration Services Office, Window 25, 100 Administration Building, or by mail addressed to the Office of Admissions and Records, Registration Services Office, 10 Administration Building, 506 South Wright Street, Urbana, Illinois 61801.

Once students have attended a class or have used campus

services, they may not cancel their Registration Agreement. If they leave the University, they must officially withdraw.

Students who return their Registration Agreement but fail to make full or first installment payment by 4:00 p.m. on September 25 must pay a nonrefundable charge amounting to one-half of the service fee plus the entire insurance and health service fees (rounded, if necessary, to the next higher even dollar), or \$30, whichever is greater.

Students who fail to complete registration for the 1987 fall semester by 4:00 p.m., September 25, 1987, and who seek reinstatement by payment of all tuition, fees, and penalties, and other persons seeking retroactive registration are cautioned that such transactions will not be permitted from January 4 through January 29, 1988. These students will be required to register late for the 1988 spring semester and will be subject to the late registration fine.

Withdrawal from the University

Students who withdraw from the University during the first ten days of instruction in a semester are assessed a nonrefundable charge amounting to one-half of the service fee plus the health insurance fee and the health service fee (rounded if necessary to the next higher even dollar), or \$30, whichever is greater. Students who withdraw continue to be covered by health insurance and are eligible to receive health services if fees for insurance and health services were paid, until the first day of on-campus registration for the next term. Use of intramural-physical education facilities is also permitted. Students who have been exempted from the payment of these fees will have the nonrefundable charge reduced by the amount of the appropriate fee(s).

Students must follow established withdrawal procedures beginning with completion of a clearance form available in the office of the dean of their college. To obtain a refund, students must deposit the completed withdrawal clearance form at the Registration Services Office, Window 27, 100 Administration Building, by no later than 4:00 p.m. on Friday, September 11, 1987. Thereafter, no refund is allowed.¹ Students who have been permitted to pay tuition and fee charges on an installment basis and who later withdraw from the University after the established refund deadline date are liable for the full amount of tuition and fees assessed. Special refunds are authorized to students who withdraw to enter active duty in the armed forces or other approved national defense service.

Reduction of Program

Students who reduce their registration to a lower fee assessment range receive a refund of the full amount of the difference in tuition and fees specified for such schedules, provided the change is made by 5:00 p.m. on Friday, September 11, 1987. Thereafter, no refund is allowed.¹

Incomplete Registration

A Registration Statement of Charges and Aid will be mailed on or about August 29 to students who submitted a signed Registration Agreement by the close of on-campus registration. A student's registration is not complete until the Office of Business Affairs has received the Registration Statement with the appropriate payment by the due date indicated on that statement.

Students who return a signed Registration Agreement but do not return the Registration Statement of Charges and Aid with the appropriate payment by 12:00 noon on Friday, September 11, 1987, will not have completed registration. They will be allowed to remain in class and complete registration during the next fourteen calendar days if they pay an additional late-payment charge of \$25 for failure to complete their registration by the due date. **At the end of the fourteen-day extension period—4:00 p.m. on Friday, September 25—students who still have not completed their registration will be dropped from class.**

Flight Training Fees

A student who withdraws from a flight-training course during the first ten days of instruction in a semester receives a refund of the flight-

training fee. **Refund deadline is 4:00 p.m. on Friday, September 11, 1987 for the fall semester.** Thereafter, no refund is made.¹

Tuition and Fee Exemptions

Appearing below are some of the generally applicable tuition and fee waivers; a full description of all tuition and fee charges with authorized exemptions and waivers is available from the Registration Services Office, Window 25, 100 Administration Building. Tuition and fee waivers are not granted for the Executive M.B.A. Program or other full-cost programs. Students are urged to consult the staff at the Registration Services Office if they feel they qualify for any of these waivers.

Waiver of Tuition

Tuition is waived for:

1. All faculty and academic professional employees (excluding graduate assistants) of the University on appointment for at least 25 percent of full-time service, provided the appointments require service for not less than three-fourths of a term. This waiver also applies to staff members of certain specifically identified related agencies whose positions are considered equivalent to academic positions of the University. A term is defined as running from the first day of registration through the last day of final examinations. Three-fourths of a term is defined as ninety-one days in a semester. Students who resign their staff appointments, or whose appointments are cancelled before rendering service for at least three-fourths of the term, become subject to the full amount of the appropriate tuition and fees for that term unless they withdraw from University classes at the same time or before the appointment becomes void, or they file a clearance form for graduation within one week following the resignation date.
2. Graduate teaching and research assistants of the University on appointment for at least 25 percent but not more than 67 percent of full-time service, if approved for a waiver by their sponsoring unit and no tuition and fees payments are billable to an outside agency. Their appointments must require service for not less than three-fourths of the term (as defined in item 1 above). Those on appointment for 68 percent or more of full-time service pay tuition at the in-state rate and are eligible for a waiver of the service fee only. Caution: Assistantship appointments are cumulative. For example, if a person holds two appointments, a 25-percent and a 50-percent assistantship appointment, he or she is ineligible for a tuition waiver.
3. Academic staff members emeriti.
4. Holders of tuition waiver scholarships.
5. Holders of graduate tuition and fee waivers awarded by the Graduate College.
6. Holders of grants or contracts from outside sponsors which provide payments to cover the total cost of instruction.
7. Cooperating teachers and administrators who receive an assignment of practice teachers, who receive assignment of students meeting the clinical experience requirement in teacher education curricula, or who cooperate in research projects related to teacher education, are exempted for one semester, quarter, or summer session for each semester, quarter, or equivalent service rendered within two consecutive semesters. The exemption shall apply to the semester, quarter, or summer session of registration, as designated by the student, which is concurrent with, or following, the term of service, but must be applied no later than one calendar year from the end of the term of service. Concurrent registration on more than one campus of the University or in University extramural courses constitutes one semester, quarter, or session of eligibility for exemption. A similar waiver is authorized for cooperating librarians, school-nurse teachers, social welfare field supervisors, recreation field supervisors, health-education field supervisors, speech pathology supervisors, developmental child care field supervisors, educational psychology supervisors, and

¹ In cases of extenuating circumstances, such as medically documented serious illness or injury, exceptions to these refund periods may be made by the director of admissions and records, acting on a petition submitted by the student. Petition forms are available at Window 27, 100 Administration Building.

Petition forms are available at Window 27, 100 Administration Building.

physicians who participate without salary in the instructional program of the University of Illinois College of Medicine at Urbana-Champaign.

8. Nonacademic employees of the University, of other institutions and agencies under the University Civil Service System, and of certain specifically identified related agencies in status appointments or in appointments designed to qualify for status in an established class (e.g., trainee, intern) for at least 50 percent of full-time services who register in regular University courses not to exceed:

Six credit hours or two courses in a semester or quarter if on full-time appointment;

Four credit hours if on a 75-percent to 99-percent time appointment, or;

Three credit hours if on a 50-percent to 74-percent time appointment, provided that they (1) meet conditions and eligibility for admission as prescribed by the Office of Admissions and Records, (2) are not students as defined in Civil Service Rule 7.7c, and (3) have the approval of their employing departments for enrollment and a makeup schedule to cover any time in course attendance during their regular work schedule.

The waiver of tuition also applies to any additional hours of registration by employees which keep them within the same fee assessment credit range. Employees whose total registration is in a higher range than that authorized by their tuition waiver pay only the difference between the waiver authorization and the higher range in which their total registration places them.

9. Nonacademic employees in a status, learner, trainee, apprentice, or provisional appointment may enroll without payment of tuition in regular courses directly related to their University employment for not more than 10 credit hours per semester, provided they have made application and received prior approval for enrollment as required by procedures issued by the director of nonacademic personnel and set forth in *Policy and Rules—Nonacademic*.

Waiver or Exemption of the Nonresident Portion of Tuition

The nonresident portion of tuition (if subject to payment of tuition) is waived or exempted for:

1. Staff members on appointment for at least 25 percent of full-time services with the University and with certain specifically identified related agencies provided the appointment requires service for not less than three-fourths of the term.
2. The faculties of state-supported institutions of higher education in Illinois holding appointments of at least one-quarter time, provided the appointment requires service for not less than three-fourths of the term.
3. The teaching and professional staff in the private and public elementary and secondary schools in Illinois, such as counselors, school psychologists, school social workers, librarians, and administrators who hold such an appointment at least one-quarter time and for not less than three-fourths of the term.
4. The spouses and dependent children of all staff members on appointment with the University and certain specifically identified related agencies for at least 25 percent of full-time service, and of those listed in the second item above. (Dependent children are those who qualify as dependents for federal income tax purposes.)
5. The spouses and dependent children of fellows and trainees who are employed as teaching assistants to the fullest extent permitted by their fellowship appointment.
6. Persons actively serving in one of the armed forces of the United States who are stationed and present in the State of Illinois in connection with that service, and their spouses and dependent children, as long as the military person remains stationed, present, and living in Illinois.

Service Fee Waivers/Exemptions

The service fee is waived or exempted for:

1. Graduate teaching and research assistants of the University on appointment for at least 25 percent of full-time services for not less than three-fourths of the term if approved for a waiver by their sponsoring unit and no tuition and fees payments are billable to an outside agency.

2. Holders of graduate tuition and fee waivers awarded by the Graduate College.
3. Students registered in absentia.
4. Students registered in approved off-campus courses and study-abroad courses.
5. Students registered as participants in the high school concurrent enrollment program are exempt from the service fee and thus will not have access to the benefits provided by this fee.
6. Holders of grants or contracts from outside sponsors which provide payments to cover the total cost of instruction, if this fee is charged to the contract or grant funds.
7. Cooperating teachers and administrators (see Waiver of Tuition on this page).
8. Academic staff members emeriti.
9. Nonacademic employees as specified in the last two categories under the Waiver of Tuition section on this page.
10. Academic staff members (except graduate assistants) who qualify for tuition waivers. They will not have access to the benefits provided by this fee.

Health Service and Student Insurance Fee Exemptions

Students totally exempt from payment of the Health Insurance Fee and the Health Service Fee, and therefore not eligible for these benefits and services, are:

1. Persons registered for doctoral thesis research in absentia.
2. Persons registered in off-campus courses and study-abroad courses for zero credit. (If registered for more than zero credit they are required to pay the insurance fee.)
3. University employees registered at the request of their department in zero-credit courses especially established to improve the work of the employee.
4. Staff members who are registered as students and who are eligible for the mandatory State of Illinois Employees Insurance Program.
5. Staff members of certain specifically identified related agencies who are eligible automatically to receive hospital-medical coverage as an employee benefit at the cost of the employing agency.

Cooperating teachers and administrators, certain field supervisors, and students registered as participants in the high school concurrent enrollment program are exempt from payment of the Health Service Fee. All other students enrolled on campus must pay the Health Service Fee, unless they have a fellowship or grant that specifically pays for it.

Teaching and research assistants should note they are not entitled to a waiver of either the health service fee or the health insurance fee unless they also have a fellowship or a grant that specifically pays for those fees.

Student Health Insurance

All students are assessed an insurance fee to cover the cost of the University Student Comprehensive Health Insurance Program. This fee may be waived if the student presents evidence of equivalent insurance coverage and completes a petition for exemption from the insurance fee. **EXEMPTION MUST BE REQUESTED IN PERSON**

Evidence of equivalent insurance may be established by the student's insurance policy or an identification card with a brochure to outline the benefits of the program. Military personnel and their dependents need only show their military identification cards. Letters from employers, insurance companies, or agents will be accepted provided they are on company letterhead and are signed by a company official giving the name of the insurance company and defining the scope of the insurance coverage of the student.

To qualify for the exemption, a student must present satisfactory evidence of insurance and must complete an exemption petition at the:

- Insurance Station at the Armory during on-campus registration.
- Insurance Station at the Post-Registration Service Center, Illini Union, Second Floor South.
- Student Insurance Office, Room 228, 505 East Green Street, following the post-registration period.

Items mailed to the Student Insurance Office or included in payments made by mail will be returned to the sender without action.

Such items MUST be resubmitted by the student IN PERSON within the stated deadline.

Requests for exemption MUST be made IN PERSON by 4:00 p.m. on Friday September 11, 1987. Once waived, the exemption will be continuous, and it is the student's responsibility to request reinstatement in the Student Health Insurance Program. Reinstatement may be requested at any time, but is subject to approval of a statement of medical history. Telephone (217) 333-0165 for information about insurance.

Married students may purchase insurance for spouses and children by paying an additional premium. A brochure explaining the insurance benefits and possible coverage during terms in which students are not enrolled is available from the Student Insurance Office.

1987 FALL SEMESTER NONCOMBINED FINAL- EXAMINATION SCHEDULE

December 14 through December 19, 1987

Note: This schedule does not apply to courses in the Colleges of Law and Veterinary Medicine, which publish separate schedules. A combined-sections, final examination schedule for giving examinations to several sections of a course at the same time appears late in the semester in the *Daily Illini*. Detailed information governing final examinations is contained in the "Instructions for Giving Final Examinations" issued late each term by the Office of Admissions and Records and available for inspection at all departmental offices.

All regulations governing final examinations will be applied in the

context that, pursuant to Illinois law, individual student religious beliefs, observances, and practices will be reasonably accommodated if the student informs his or her instructor of the conflict within one week after being informed of the final examination schedule. Any student may appeal in writing an instructor's adverse decision to a request based on religious beliefs, observances, and practices, such appeal must be made to the dean of the student's college or to the director or dean of the student's school or institute (if such school or institute is organized as a separate unit). Before taking action, the dean or director should request that the instructor explain his or her denial in writing.

Requirement

Final examinations must be given during the period scheduled for the final examination in each course, except for a course which has a character that renders a final examination unnecessary or impracticable. The head or chairperson of the academic department in which the course is offered determines when a final examination is not required.

Time of Examinations

Instructors must give final examinations at the time specified in the published schedule unless a change is approved *in advance* by the vice chancellor for academic affairs. Requests for change must be submitted through the executive officer of the department or school (if applicable) in which the course is offered and the dean of the appropriate college. Requests for changes should be made only in cases of legitimate need and not just for the convenience of students and instructors.

Requests for changes in the examination schedule will not be considered for approval unless the instructor (a) has polled the class

THE FINAL EXAMINATION FOR A COURSE IS SCHEDULED ACCORDING TO THE FULL OR HALF HOUR ON MONDAY OR TUESDAY ON WHICH THE CLASS FIRST MEETS DURING A FULL ACADEMIC WEEK (MONDAY THROUGH SATURDAY) IN THE SEMESTER. For example, if a course meets at 9:00 a.m. on MWF, the examination must be given from 8:00 to 11:00 a.m. on Thursday, December 17. The final examination for a course meeting regularly on TTh from 2:30 to 4:30 p.m. must be given from 1:30 to 4:30 p.m. on Wednesday, December 16.

In courses having a combination of lecture and discussion and/or laboratory periods, the first lecture hour of the week is considered the first contact of the week.

For courses not provided for in the examination schedule (those meeting for the first time on Wednesday or later), examinations are to be given within the established examination schedule at the discretion of the instructor and at a time to avoid conflicts. A conflict examination must be given if necessary. The instructor must call the department office to schedule the room for the examination.

All 300- and 400-level education courses meeting once a week must have final examinations on the same day and time as the classes regularly meet. The Office of Space Utilization will make room assignments for these courses.

to determine that an alternate date is desired by a majority of the class members, (b) also offers the examination at the regularly scheduled time if there are those who do not choose to take it at the alternate time, and (c) has contacted the Office of Space Utilization and has assurance that space is available in which to give the examination at an alternate time if approved. The Office of Space Utilization will not confirm space availability for early examinations until the twelfth week of the semester.

No final examination for the semester should be given during a "regular" class period unless this is deemed necessary by virtue of the course or the examination (e.g., a laboratory "practical" examination as one part of a final examination).

NOTE:

Undergraduate Students: Except as provided for requests based in religious beliefs, observances, and practices, only the dean of the student's college may approve a temporary postponement of the final examination in individual cases for undergraduate students.

Graduate Students: The student's instructor is authorized to approve requests for a postponement of the final examination in individual cases for graduate students.

Place of Examinations

Examinations will be held in the room where the course meets for the first contact hour of the week except for combined-sections examinations, examinations for courses in which the instructor has requested additional space for the examination, or specially scheduled examinations. Instructors will announce any special or changed room assignments.

Take-Home Examinations

If take-home final examinations are assigned, they are to be submitted at the time and on the date of the regularly scheduled final examination. If instructors wish to depart from this practice, they must follow the procedure for changing the final-examination schedule, as stated elsewhere in this section.

Length of Examinations

The maximum limit for undergraduate examinations shall be three hours, except by special arrangement in individual cases approved by the dean of the college concerned. At the discretion of the department, a shorter examination may be given.

Conflicts

National actuarial examinations take priority over campus final examinations. Faculty members must offer "conflict" examinations to students scheduled to take national actuarial examinations and final examinations at the same time.

Noncombined final examinations take precedence over both combined-sections and conflict final examinations. Combined-sections final examinations take precedence over conflict final examinations. A detailed combined-sections and conflict final examination schedule, including regulations governing all conflicts, will be published by the Office of Admissions and Records late in the term.

Students Having More Than Two Examinations in Any 24-Hour Period

No student is required to take more than two final examinations which *begin* in any twenty-four hour period. This means that if a student takes a final examination at 8:00 a.m. and 1:30 p.m. on the same day, he or she cannot be required to take a final examination that same evening. However, the student could be required to take a final examination at 8:00 a.m. the next day. Similarly, a student having a final examination at 7:00 p.m. and then at 8:00 a.m. the next day cannot be required to take a final examination at 1:30 p.m. on the same day. Any student having more than two final examinations scheduled to begin in consecutive examination periods is entitled to rescheduling if he or she takes the following actions *no later than the last day of classes*:

1. The student must investigate whether a conflict examination is being held at another time for any of the examinations involved (note: instructional staff members are urged to announce any conflict final examinations by the last day of classes);

2. If a conflict examination has been scheduled for any of the courses, the student must take one or more of these conflict examinations;
3. If no conflict examinations have been scheduled, the student should contact the instructor of the course having the largest number of students (*the contact must be made no later than the last day of classes*)—that instructor *must* provide a makeup examination.

Discipline for Violations of Academic Integrity

The 1987-88 *Code on Campus Affairs and Regulations Applying to All Students* describes procedures to be followed in cases of alleged cheating on final examinations.

STUDENT REGULATIONS

University regulations applying to students are published in the *Code on Campus Affairs and Regulations Applying to All Students*. Students are responsible for complying with the regulations of the University, their colleges, and the departments from which they take courses, and for fulfilling the requirements for a particular degree.

The *Code on Campus Affairs and Regulations Applying to All Students* is available in 177 Administration Building; at the Campus Student Assistance Center, 107 Fred H. Turner Student Services Building; the ID Station in the Armory (during on-campus registration); and the Post-Registration Service Center in the Illini Union, Second Floor South.

Some student regulations are given below, but students are advised to refer to the complete regulations.

Number of Hours Required

Undergraduate students are required to pursue a normal program of studies which varies by college and curriculum. More or less than a normal program may be permitted only by authority of the dean of the college or designated representative.

For undergraduate, graduate, and professional students, the minimum program required for receipt of maximum educational benefit payments under the Veteran's Readjustment Benefits Act of 1966 and receipt of social security benefits as a dependent is 12 hours or 3 units in a semester (6 hours or 1½ units in an eight-week summer session).

In most colleges, the minimum undergraduate program for the Dean's List is 14 hours.

Classification of Students

The Registrar's Office uses only the following definitions in the classification of enrollment:

Full-time Students:	Undergraduates	Graduate Students
Fall and Spring		
Semesters	12 or more hours	3 or more units
Summer Sessions	6 or more hours	1.5 or more units
Half-time Students:		
Fall and Spring		
Semesters	6 to 11.5 hours	1.5 to 2.75 units
Summer Sessions ...	3 to 5.5 hours	0.75 to 1.25 units
Class Level:		
Freshmen	0 to 29.9 hours	
Sophomores	30 to 59.9 hours	
Juniors	60 to 89.9 hours	
Seniors	90 hours and above	

Graduate students are certified as advancing one year of study if they were registered in two semesters. Graduate students on a consecutive summer-session-only pattern are advanced one year after completion of three eight-week summer sessions. A graduate student may not be certified as having advanced one year more than once within a twelve-month period.

Repeated Undergraduate Courses

If a student is permitted by the dean of his or her college to repeat a subject for which the student has received credit either by class work at the University or by advanced standing previously allowed

for work done elsewhere, he or she forfeits the original credit. The original credit earned in a course is not forfeited by registration unless the student remains registered in the repeated course to the end of the semester, term, or summer session.

Failure to pass the repeated course does not restore the original credit, but both grades count in the graduation average if the course is one regularly accepted toward the student's degree. If the course is again repeated, all grades received, passed or failed, are counted in the graduation average.

Credit-No Credit Grades

The credit-no credit grading option at this campus is designed to encourage student exploration into areas of academic interest which they might otherwise avoid for fear of poor grades. All students considering this option are cautioned that many graduate and professional schools consider applicants whose transcripts bear a significant number of nongrade symbols less favorably than those whose transcripts contain none or very few. Likewise, in computing a preadmission grade-point average, some schools may convert the NC symbol to a failing grade since they do not know whether the actual grade was a D, E, or AB.

ALL STUDENTS

- Credit-no credit courses are not counted toward the grade-point average but are included as part of the total credit hours.
- Instructors are not informed of those students in their classes who are taking work under the credit-no credit option, and they report the usual letter grades at the end of the course. These grades are automatically converted to CR or NC.
- Grades of C or better are required in order to earn credit.
- Final grades of CR or NC (for credit or no credit) are recorded on the student's permanent academic record and subsequently will not be changed to letter grades.
- Correspondence course students may elect the credit-no credit option prior to completion of one-eighth of the lessons contained in the course; however, should they desire to return to a letter grade, an amended credit-no credit form must be filed prior to completion of one-half of the lessons.
- Courses taken under the credit-no credit option, either in residence or in correspondence, may be dropped only in accordance with the normal procedures for dropping courses.

UNDERGRADUATE STUDENTS

- Any undergraduate student in good academic standing (not on probation) may elect the credit-no credit system. Students not in residence, but enrolling in correspondence courses, may elect the credit-no credit option provided they are in good academic standing.
- To elect the credit-no credit option, students must obtain the approval of their adviser or, in the case of a correspondence course, their adviser or college office.
- Students who go on probation after enrolling must change their program to eliminate the credit-no credit option.
- A maximum of 18 semester hours earned under the credit-no credit option may be applied toward a degree at the Urbana-Champaign campus of the University. A correspondence course taken on a credit-no credit basis will be included in the 18-semester-hour maximum credit-no credit limit allowed. A full-time student may take a maximum of two courses each semester under the credit-no credit option. Part-time students may take one course each semester under this option.
- Any lower or upper division course may be chosen under the credit-no credit option except courses used to satisfy the University's general education requirements, courses designated by name or area by the major department for satisfying the major or field of concentration, or those specifically required by name by the college for graduation.
- In cases of subsequent change of major or field of concentration, courses previously taken under the credit-no credit option in the new field may qualify for meeting major requirements.
- Undergraduate students must exercise the credit-no credit option for a course taken in residence during on-campus registration, within the first eight weeks of instruction in a semester, or during the first four weeks of an eight-week course taught in a fall or spring semester. Students may elect to return to the regular grade

option by filing an amended request within the first eight weeks of instruction in a semester, or within the first four weeks of instruction in an eight-week course taught during a semester. The credit-no credit option form must be properly approved and deposited in the college office.

Consult the fall semester calendar for the deadline dates.

PROFESSIONAL STUDENTS

- Students in the Colleges of Law and Veterinary Medicine, under the credit-no credit option, may elect undergraduate courses not required as part of the professional curriculum.
- Professional students may elect the credit-no credit option during advance enrollment, during on-campus registration, within the first eight weeks of a semester, or within the first four weeks of an eight-week course taught in a fall or spring semester. Students may elect to return to the regular grade basis by filing an amended request within the first eight weeks of instruction in a semester, or within the first four weeks of instruction in an eight-week course taught during a semester. The credit-no credit option form must be properly approved and deposited in the college office.

GRADUATE STUDENTS

- Graduate students may elect the credit-no credit option during advance enrollment, during on-campus registration, or through the last day allowed for dropping a course without academic penalty. Students may elect to return to the regular grade basis by filing an amended request by the deadline date for dropping a course without academic penalty as indicated in the Graduate College calendar. The credit-no credit option form must be properly approved and deposited in the college office.
- The student's adviser must approve the election of this option in accordance with the policy established by the major department.
- At least 2 units of credit with grades of A through D must be earned on this campus for every unit of credit earned under the credit-no credit option.

Identification Cards

New students are issued a permanent photo identification card which is validated for every subsequent term in which they register. This ID card must be retained by them while they are registered at the University. Validation labels are included on the Registration Statement of Charges and Aid of all students and must be placed on the back of their ID card. The validation label is nontransferable and contains information about insurance and health services entitlement. The ID card is issued by the Office of Admissions and Records and remains the property of the University. Students who alter or intentionally mutilate a University ID card, who use the ID card of another, or allow their ID card to be used by another may be subject to discipline.

The University ID card must be presented for identification purposes at the request of an agent of the University when the agent is acting in the performance of her or his supervisory or security function (for example: examination proctor, University Police, residence hall director or adviser, gymnasium supervisor, ticket takers, or ushers). Any student refusing to provide the University ID card when requested by an agent of the University may be subject to discipline.

An ID card may be confiscated by an agent of the University when acting in the performance of his or her duties if:

The ID card is in the possession of an individual other than the one to whom the card was issued and that individual attempts to use the card to represent himself or herself as a duly registered student.

The ID card is presented by the individual to whom it was issued but is not valid for the term of registration at the time and the individual attempts to represent himself or herself as a duly registered student.

Exceptions: At the beginning of a term, a student is allowed to use an outdated ID card during the first two weeks of class. In such cases, a copy of the student's schedule or receipt from the Registration Agreement may be required in addition to the ID card.

Replacement ID cards can be obtained at the Registration Services Office, Window 27, 100 Administration Building. A charge of \$17 is assessed to replace lost, mutilated, confiscated, or stolen ID cards.

A charge of \$1 is made for replacing each lost, mutilated, confiscated, or stolen ID validation label.

An identification card for student spouses may be obtained without cost at Window 27, 100 Administration Building.

Falsification of Documents

Any student who, for purposes of fraud or misrepresentation, falsifies, forges, defaces, alters, or mutilates in any manner any official University document or representation thereof may be subject to discipline. Some examples of official documents are identification cards, program requests, receipts, transcripts of credits, library documents, petitions for reclassification of residency status, etc.

Any applicant who withholds information pertinent to the admissions decision or gives false information while making application for admission or readmission to the University of Illinois at Urbana-Champaign will be declared ineligible for admission to the University. In cases discovered after admission has occurred but prior to initial registration, the admission will be cancelled. If the falsification led to admission which would not have been granted based on the person's academic record, students enrolled will have their registrations cancelled. The appropriate action will be invoked by the director of admissions and records and the dean of the college involved. Cases where admission or registration cancellation is contested in writing by the applicant or student within ten working days after notification will be reviewed by the vice chancellor for academic affairs or his designee. If, however, the person would have been admissible based on his or her true record, the registered student will be referred for possible disciplinary action, including dismissal, to the Senate Committee on Student Discipline.

Any student who knowingly withholds information or gives false information in any document or material submitted to any member or agent of the University may be subject to discipline.

Withdrawal from the University

Students who leave the University during any semester, term, or summer session must officially withdraw from the University by filing a clearance paper. Otherwise the courses they are pursuing will appear on their record as Ab (absent — counts as failure). Students enrolled in only one course who later drop that course must officially withdraw from the University.

Upon notification that the University discipline system has initiated action against a student, that student may not officially withdraw until the hearing of the case has been conducted by the appropriate disciplinary committee. Students begin the clearance procedure at their college office.

Undergraduate students who withdraw from the University within the last three weeks of instruction in a semester, or those whose status cannot be determined because of excused grades, may register again only on a petition approved by the dean of their college. (See the Academic Calendar for the date.)

Transcripts of Courses and Grades

A student in debt to the University is not entitled to receive a diploma or an official statement or transcript of credits until the indebtedness has been paid or suitable arrangements for payment have been made, unless the student either has pending a bankruptcy petition seeking a discharge of all such indebtedness, or such indebtedness has been discharged.

Students who graduate or withdraw from the University and have outstanding loans from the University of Illinois will not be issued a transcript until they have completed an exit interview with the Office of Business Affairs, 162 Administration Building.

A \$2 fee is charged for each copy of an official transcript. A \$1 fee is charged for each certification of enrollment. The charge for same-day service is \$5 for the first transcript or certification with the regular fee applying to extra copies ordered at the same time; all same-day service requests must be made in person. Transcripts may not be ordered by telephone. They may be ordered at the Registration Services Office, Window 27, 100 Administration Building, or by mail addressed to the Transcript Department, University of Illinois at Urbana-Champaign, 10 Administration Building, 506 South Wright Street, Urbana, IL 61801. A check or money order made payable to the University of Illinois should accompany the order.

Under ordinary circumstances, transcripts will not be released during the period of final examinations and two weeks thereafter to allow for the recording of final grades for the term.

Student Records Policy

It is University policy to comply fully with the Family Educational Rights and Privacy Act of 1974 as amended. Guidelines and regulations for discharge of the University's obligation under this act are contained in the *Code on Campus Affairs and Regulations Applying to All Students*.

Under these guidelines:

- Students have the right to inspect their education record.
- The University may release without the student's consent information which appears in student directories and publications which are available to the public except when requested by a currently enrolled student to suppress this information until the first day of classes of the following semester. Directory information includes the student's name; addresses; telephone numbers; college, curriculum, and major field of study; class level; date of birth; dates of attendance and full- or part-time status; eligibility for membership in registered University honoraries; degrees, honors, and certificates received or anticipated; weight and height if she or he is an athletic team member; participation in officially recognized activities and sports; and institutions previously attended. Forms for suppressing this information are available at Station 1A in the Army during on-campus registration and at the Post-Registration Service Center in the Illini Union, Second Floor South. They must be completed either at on-campus registration or within the first five days of instruction in a semester.
- Certain student records may be released only with the prior consent of the student.
- Certain student records can be released with or without the student's consent.
- Under certain conditions, parents may be granted access to a student's record with or without the student's consent.
- Procedures exist for students to challenge the contents of their educational record.

Addresses of Students

Each student is responsible for maintaining in the Office of Admissions and Records the current addresses of the following:

- His or her local address (for local mailings).
- His or her permanent address or permanent mailing address.
- The address of his or her parent(s), guardian, or spouse.

Each address must be reported each term. All changes must be reported immediately to the Registration Services Office, Window 27, 100 Administration Building.

STUDENT/CONSUMER INFORMATION

The University of Illinois at Urbana-Champaign has student/consumer information available at the following campus locations:

- Admissions—Office of Admissions and Records, 177 Administration Building, 333-0302, or individual college offices.
- Financial aid—Office of Student Financial Aid, 420 Fred H. Turner Student Services Building, 333-0100.
- Housing—Housing Information Office, 2 Fred H. Turner Student Services Building, 333-1420.
- Other information—the Student Assistance Center, lobby of the Fred H. Turner Student Services Building, 333-4636.

LISTING OF COURSES

The following *Timetable* of courses offered by the University is subject to whatever changes may prove necessary at registration time. Notices of all changes in time or place of meeting of classes will be

supplied to advisers for checking program request materials during registration

Arrangement

The arrangement of subjects in this *Timetable* is alphabetical. The courses offered in each subject are listed numerically with headings to indicate the students for whom they are designed. Courses for undergraduates (designed for freshmen and sophomores) are numbered 100 to 199; for advanced undergraduates (designed for juniors and seniors), 200 to 299; for advanced undergraduates and graduates (junior, senior, or graduate standing required), 300 to 399; for graduates, 400 and above. Following the title of each course is a statement of the requirements, if any, for admission to the course.

Class Periods

Class periods for each course are indicated by numerals for the hours of the day and by letters for the days of the week. For example, "8-10 MWF" indicates that the class period begins at 8:00 a.m. and continues for approximately two hours on Monday, Wednesday, and Friday; "11 TTS" means that the class period begins at 11:00 a.m. and continues for fifty minutes on Tuesday, Thursday, and Saturday. Any class beginning after 6:00 p.m. is indicated by the letters PM. For example, "730-930PM" indicates that the class period begins at 7:30 p.m. and continues until approximately 9:30 p.m. The place of

meeting of each class is shown by the number of the room and the name of the building.

Credit

Credit for undergraduate students is counted in semester hours. An hour is one class period a week for one semester or the equivalent in laboratory or field work or approved independent study. The number of hours for which each course counts is shown under each course.

Credit for graduate students is counted in units. A unit course requires ten hours of time each week through the semester, irrespective of the distribution of that time in class work, laboratory or field work, and private study. Four such courses or their equivalent constitute a student's normal program for one semester. The unit values of graduate courses are indicated under each of these courses. No course may be taken for graduate credit unless it is so designated in this *Timetable* of courses offered. In general, 1 graduate unit is the equivalent of 4 semester hours of undergraduate credit.

Some courses have variable credit, such as 3 to 5 hours or $\frac{1}{2}$ to 2 units, and in registering for a course with variable credit each student puts on his or her Program Request Form the number of hours or units for which he or she intends to take the course.

A course may not be taken for zero credit unless such credit is specifically authorized in the *Timetable*.

Approval of the Graduate College must be obtained for the registration of undergraduate students in 400-level courses for either semester hour or unit credit, or in 300-level courses for unit credit.

EVENING COURSES (4:00 P.M. AND LATER)

The following list of evening courses is substantially correct; however, some errors and omissions might exist. Please refer to the main body of the *Timetable* for current information.

As you pre-register for fall 1987 Consider the 299 STUDY ABROAD OPTION

There are no MAJOR difficulties.

Opportunities abroad are as endless as major fields of study at the U of I. There are programs for undergraduates in Social Work, Fine & Applied Arts, Engineering, Education, Communications, Commerce & Business Administration. Applied Life Studies, Agriculture and of course, the Liberal Arts and Sciences.

We have programs ENGINEERED for you.

There are many opportunities for engineering students to study overseas through the Engineering 299 option... in China, England, and Germany, to name just a few.

What BUSINESS do you have abroad?

Through the Business 299 option a student can receive undergraduate credit studying at schools in Copenhagen, London, Madrid, and many other foreign cities. Students can also receive credit for business internships in London, Madrid, Mexico City, and Paris.

As AGreable way to earn credit.

This chicken from the South Farm crossed the road and still hasn't stopped traveling. In fact, he is checking out the great programs for agriculture students in Asia, Australia, Britain, and Latin America. Programs are available to students with any major in the College of Agriculture... Agronomy, Animal Science, Foods and Nutrition, Textiles and Apparel, etc.

35mm Color Prints and Slides from the same roll

Seattle FilmWorks has adapted Kodak's professional Motion Picture film for use in your 35mm camera. Now you can use the same film—with the same fine grain and rich color saturation—Hollywood's top studios demand. Its wide exposure latitude is perfect for everyday shots. You can capture special effects, too. Shoot it in bright or low light—at up to 1200 ASA. What's more, it's economical. And remember, Seattle FilmWorks lets you choose prints or slides, or both, from the same roll.

Try this remarkable film today!

Climb higher, faster in the Air Force.

As an Air Force officer your career will take off. You'll quickly get management experience that could take years to acquire in civilian industry.

As an Air Force second lieutenant, you'll manage people, projects and offices; you'll be in charge, making decisions, shouldering the responsibility. You'll belong to an organization dedicated to achievement, innovation and high technology.

And as an officer you'll have the satisfaction of

knowing that your work makes a difference to the Air Force and to your country.

Find out if you qualify. See your Air Force recruiter or call toll-free 1-800-423-USAF (in California 1-800-232-USAF). Better yet, send your resume to HRS/RSAANE, Randolph AFB, TX 78150-5421.

Aim High. Be an Air Force Officer.

CONTENTS

A supplement to the *Timetable* will be printed shortly before the spring semester begins. Students and staff using this *Timetable* at the time of on-campus registration are advised to consult the supplement for possible changes. Copies are furnished to advisers and to departmental offices.

The Office of Publications/Office of Public Affairs at the University of Illinois at Urbana-Champaign coordinated the compiling of information appearing in the Spring Semester 1988 *Timetable* and contracted for the *Timetable's* publication.

SPRING 1988 REGISTRATION INSTRUCTIONS

ADVANCE ENROLLMENT

ALL CONTINUING STUDENTS (except part-time nondegree students) have the opportunity to select spring semester courses during ADVANCE ENROLLMENT held from Wednesday, November 4, through Wednesday, November 11, 1987. Part-time nondegree students may not advance enroll.

NEW AND READMITTED STUDENTS may not advance enroll. They may, however, register early.

Advance enrollment is not mandatory; however, the possibility of obtaining the course schedule desired is enhanced by participation. Students who advance enroll may register-by-mail. Students who do not advance enroll must attend on-campus registration on January 20-21, 1988.

Course Selection

During advance enrollment, students request courses and sections in which they wish to enroll for the spring semester; academic departments, within the limitations of instructional resources, attempt to accommodate student requests. This process begins with each eligible student completing a Program Request Form.

Program Request Forms

Students must complete a Program Request Form to advance enroll for the 1988 spring semester, and must use only this *Timetable* and the Program Worksheets included to plan a study program and to keep a record of course requests. Undergraduate and professional students obtain and complete Program Request Forms at their college offices. Graduate students obtain Program Request Forms from their major departmental offices. Information from the Program Worksheet is to be transferred to the Program Request Form.

The Program Request Form is used to record requests for courses and sections and should be completed in consultation with an adviser; those enrolled in colleges which permit self-advising should submit the form in accordance with instructions from the college and those given on the back of the form. Correct completion of the Program Request Form is essential for advance enrollment and registration-by-mail.

Although the University attempts to honor student requests for specific courses and sections, advance enrollment scheduling is

conducted in a way which will provide the greatest number of acceptable schedules for all advance-enrolled students.

Course requests at advance enrollment and on-campus registration are accepted according to enrollment conditions imposed by the offering departments. Colleges and departments reserve the right to

- Impose enrollment prerequisites
- Reassign students to other sections in a course
- Withdraw students from certain courses or sections after advance enrollment and/or on-campus registration
- Cancel course offerings or sections for legitimate educational reasons (e.g., whenever minimum enrollment standards have not been met)

Conditions for course enrollment and changes may be publicized in the *Timetable*, *Timetable Supplement*, or other media available to the University, and at locations where students request sectioning approval from departmental representatives.

Who May Advance Enroll

Students currently enrolled in degree programs.

Who May Not Advance Enroll

Students graduating in January 1988, unless they are approved to pursue a graduate, professional, or a second baccalaureate degree. Part-time nondegree students.

Students newly admitted or readmitted to degree programs.

How To Advance Enroll

CONTINUING PROFESSIONAL AND UNDERGRADUATE STUDENTS go to their college offices between November 4 and November 11 to complete a Program Request Form, unless informed otherwise by their departmental or college offices. Additional information about advance enrollment is available in each college office.

CONTINUING GRADUATE STUDENTS go to their departmental offices to complete a Program Request Form. Graduate students should contact their departmental offices for more information about advance enrollment.

Midsemester Study List/Address Collection Form

A combination Midsemester Study List/Address Collection Form will be available to each continuing student in late October. Undergraduate and professional students will receive this form by mail; graduate students obtain the form from their departmental offices.

Courses listed on the Midsemester Study List represent the University's record of 1987 fall semester course enrollment. The list should be checked carefully and errors in either courses or credit should be reported immediately to the student's college office; course section errors should be reported to the department offering the course.

The Address Collection Form lists the addresses currently recorded for each student. If any of the addresses are incorrect, the student should enter the corrections on the Address Collection Form and return it either in person at Window 27, 100 Administration Building, or by campus or U.S. mail to: Office of Admissions and Records, 10 Administration Building, 506 South Wright Street, Urbana, IL 61801.

Registration-by-mail materials for the 1988 spring semester will be sent (within the United States, Canada, Mexico, Puerto Rico, the Virgin Islands, and Guam) to the permanent home address listed on the Address Collection Form. Undeliverable mail will be available in 138 Administration Building beginning January 4, 1988. Those wishing registration-by-mail materials to be sent to an address within the United States different from the listed permanent home address should indicate that address on the Address Collection Form.

Foreign students may give an alternate address to which registration materials may be sent, or they may pick them up beginning January 4, 1988, at the Registrar's Service, Window 27, 100 Administration Building.

REGISTRATION-BY-MAIL

Registration Information Center

A Registration Information Center will be open in 138 Administration Building from 8:00 a.m. to 5:00 p.m. each weekday beginning Monday, January 4, 1988, through Thursday, January 21, 1988. Questions about registration may be asked either in person at the center or by calling (217) 333-0660 or 333-0661. Signed Registration Agreements may be deposited in this room until 5:00 p.m., January 21, 1988.

Registration-by-Mail Materials

Advance-enrolled students, except those encumbered as of 4:00 p.m. on December 10, 1987, for financial reasons or as of 1:00 p.m. on December 14, 1987, for other reasons, will be mailed registration materials beginning December 17, 1987. **Those not receiving a Registration Agreement by mail must attend on-campus registration.**

The mailed materials will include

- Individual class schedules for the spring semester.
- Individual Registration Agreements with local, permanent home, and parent/guardian/spouse addresses

Students must correct any incorrect address information before returning the Registration Agreement. It is necessary to furnish a **complete** mailing address in the area identified as "Local Address" so that the Registration Statement of Charges and Aid can be received promptly. Students living in private homes, apartments, or rooming houses should be certain their names are on their mailboxes to ensure delivery by the local postal service. Those who do not know their local address should indicate their intention to pick up their Registration Statement of Charges and Aid in person at the Post-Registration Service Center by marking the appropriate space on the Registration Agreement.

Persons who live at the address identified on the Registration Agreement as "Permanent Home Address" **must** furnish that same address in the area identified as "Local Address."

Students must sign and return the Registration Agreement to the Office of Admissions and Records so that it is received by no later than 5:00 p.m., Thursday, January 21, 1988. Return may be accomplished by any one of the following means

- U.S. mail to the address given on the agreement (allow at least five days for delivery)
- Deposit in the Armory during the on-campus registration period
- Deposit at the Registration Information Center, 138 Administration Building

Students must not use campus drop boxes to return the Registration Agreement. Once the signed Registration Agreement is received, the student is entitled, beginning the first day of classes, to most services and benefits available to fully registered students.

Students who fail to return signed Registration Agreements for receipt by the Office of Admissions and Records by 5:00 p.m., Thursday, January 21, 1988, will have their advance enrollment course schedules cancelled and will be required to participate in late registration.

Advance-Enrolled Students Who Need To Make Schedule Changes

Students who need to make changes in their advance enrollment schedules should sign and return their Registration Agreement and then attend on-campus registration according to the alphabetical order of registration to make required adjustments. Because many class sections are filled during on-campus registration, students are best served by making changes during that period; in addition, at that time most departments have staff available at a single location to offer advice and assistance.

Students are reminded to bring their preprinted schedules of classes to on-campus registration. Students with questions should

call (217) 333-0660 or 333-0661, or visit the Registration Information Center, 138 Administration Building, weekdays (excluding holidays) between 8:00 a.m. and 5:00 p.m. beginning Monday, January 4, 1988, through Thursday, January 21, 1988.

Advance-Enrolled, Encumbered Students

Students who advance-enrolled but were encumbered by a campus office for failure to discharge some financial responsibility or other obligation may not register by mail. They will receive an advance enrollment schedule with information about the encumbrance and will be required to attend on-campus registration.

Advance-enrolled, encumbered students must go first to Document Distribution Station B in the Armory during on-campus registration to begin the clearance procedure which will permit them to receive, sign, and return a Registration Agreement.

Nonadvance-Enrolled Students

Students who did not advance enroll must complete on-campus registration in the Armory as indicated below.

ON-CAMPUS REGISTRATION

On-campus registration will be held on Wednesday, January 20, and Thursday, January 21, 1988, in the Armory during the hours given in the official Alphabetical Order of Registration.

Who Should Attend On-Campus Registration

- Advance-enrolled students who must make schedule changes.
- Advance-enrolled students who did not receive Registration-by-Mail materials
- Advance-enrolled students who have been encumbered.
- Advance-enrolled students who choose not to return their Registration Agreement either by U.S. mail or in person in 138 Administration Building.
- Students who did not advance enroll

On-Campus Registration Procedures

For advance-enrolled students making schedule changes:

Students needing to add or drop courses or to make section changes should return their Registration Agreement by 5:00 p.m., Thursday, January 21, and also make the necessary changes by attending on-campus registration at their appointed times.

To add or drop a course, or to change credit for a course in which enrolled:

GRADUATE STUDENTS . . .	Go first to their major departmental office to complete a Change of Program Form which is signed by the adviser and then taken to the appropriate clerk in the Course Sectioning Area in the Armory.
COMMERCE, NURSING, VET. MED., LAW, MEDICINE STUDENTS . . .	Go first to their college of enrollment to obtain a Change of Program Form and an adviser's signature, if required; the form is then taken to the appropriate clerk in the Course Sectioning Area in the Armory.
ALL OTHER STUDENTS . . .	Go first to their college adviser in the Course Sectioning Area in the Armory to obtain a Change of Program Form and adviser's signature, if required.

To change a section:

ALL STUDENTS Go to the appropriate sectioning table in the Armory to obtain a Change of Section Form. No adviser or college approval is necessary.

STUDENTS MUST COMPLETE AND SUBMIT A REGISTRATION AGREEMENT BEFORE LEAVING THE ARMORY

For advance-enrolled, encumbered students:

Encumbered students obtain an Encumbrance Clearance Form at Document Distribution, Station B, in the Armory; the form contains instructions for removal of the encumbrance(s). Once clearance has been obtained and recorded on the clearance form, it must be exchanged for a Registration Agreement at Station D. STUDENTS MUST COMPLETE AND SUBMIT A REGISTRATION AGREEMENT BEFORE LEAVING THE ARMORY

For advance-enrolled students who did not return their Registration Agreements:

Advance-enrolled students who do not mail their Registration Agreement to the Office of Admissions and Records or deposit it in 138 Administration Building must complete on-campus registration held on January 20 and 21 in the Armory. Students who have lost their Registration Agreement should go to the Armory to obtain a duplicate copy. STUDENTS MUST COMPLETE AND SUBMIT A REGISTRATION AGREEMENT BEFORE LEAVING THE ARMORY

For nonadvance-enrolled students:

GRADUATE STUDENTS... Complete a Program Request Form and obtain other registration materials at their adviser's office on or after January 11; complete course sectioning in the Armory at the time shown in the order of registration

UNDERGRADUATE AND PROFESSIONAL STUDENTS... Unless receiving instructions to the contrary, go at the time indicated in the order of registration to their college location (given below) to complete a Program Request Form, to receive a Registration Agreement, and to receive instructions about meeting with advisers and completing on-campus registration

STUDENTS MUST COMPLETE AND SUBMIT A REGISTRATION AGREEMENT BEFORE LEAVING THE ARMORY

For nonadvance-enrolled, encumbered students:

GRADUATE STUDENTS... Complete a Program Request Form and obtain their adviser's approval at their major departmental office on or after January 11. Take the form to Document Distribution, Station B in the Armory (enter through the south central door), and obtain an Encumbrance Clearance Form. After clearances have been obtained and recorded on the clearance form, exchange it for a Registration Agreement at Station D. Complete course sectioning in the Armory at the time indicated in the order of registration.

UNDERGRADUATE AND PROFESSIONAL STUDENTS... Proceed to their college location (given below) at the time indicated in the order of registration to obtain a college authorization card. Take the card to Document Distribution, Station B in the Armory (enter through the south central door), and exchange it for an Encumbrance Clearance Form. After clearances have been obtained and recorded on the clearance form, exchange it for a Registration Agreement at Station D. Entrance to the Course Sectioning Area is then permitted

STUDENTS MUST COMPLETE AND SUBMIT A REGISTRATION AGREEMENT BEFORE LEAVING THE ARMORY

On-Campus Course Sectioning

To be admitted to the Course Sectioning Area in the Armory, students must present either an Advance Enrollment Schedule or a Registration Agreement at or after the time indicated in the order of registration. The following transactions can be completed in the sectioning area

COURSE TRANSACTIONS

FORMS REQUIRED

Advance-enrolled students:

Program Change (add or drop courses or change credit)

Advance Enrollment Schedule

Change of Program Form approved by an adviser (approval is not required for eligible students in colleges which permit self-advising)

Section Change

Advance Enrollment Schedule
Completed Change of Section Form

Nonadvance-enrolled students:

Program Request

On-campus Registration Agreement

Program Request Form approved by an adviser (approval is not required for eligible students in colleges which permit self-advising)

Most course transactions which have been approved by advisers, if required, can be completed in the sectioning area by a representative of the department offering the course. If a space is available, the representative will enter the required approval on the Program Request, Change of Program, or Change of Section form

During on-campus registration, students who submit Program Request, Change of Program, and/or Change of Section forms, but who fail to include complete written information that clearly identifies the course or section in which they wish to enroll, will forfeit the departmental approval to enroll that was obtained by having their names added to the course list. Consequently, such students must compete with all others who wish to add that course/section after instruction begins.

Completion of an On-Campus Registration Agreement

Students who did not return a signed Registration Agreement either by mail or in person in 138 Administration Building **must** submit one during on-campus registration in the Armory

It is necessary to furnish a **complete** mailing address in the area identified as "Local Address" on the Registration Agreement so that the Registration Statement of Charges and Aid can be received promptly. Students living in private homes, apartments, or rooming houses should be certain their names are on their mailboxes to ensure delivery by the local postal service. Those who do not know their local address should indicate their intention to pick up their Registration Statement of Charges and Aid in person at the Post-Registration Service Center by marking the appropriate space on the Registration Agreement.

Persons who are living at the address identified as "Permanent Home Address" must furnish that same address in the area identified as "Local Address." Students should turn in their Registration Agreement and other completed forms before leaving the Armory.

Registration Agreements must be signed. The student's signature constitutes an agreement to pay all registration charges (or the first installment amount) by the due date shown on the agreement. Receipt of the signed agreement by the University before 5:00 p.m., Thursday, January 21, enrolls the student in the courses listed on either the advance enrollment schedule or the completed and approved on-campus Program Request Form (subject to the policy on course enrollment given elsewhere in this *Timetable*). Although no registration is complete until tuition and fee charges have been paid, most services and benefits are available to students fully enrolled in courses beginning the first day of classes.

Other Activities at On-Campus Registration

Stations are available in the Armory for students to

- Make encumbrance payments and clear most encumbrances
- Change insurance coverage
- Purchase dependent insurance coverage
- Obtain new or replacement ID cards
- Suppress the release of directory information
- Obtain information about tuition, fees, and financial aid

Alphabetical Order of Registration for All Students (By last name)

POST-REGISTRATION SERVICE CENTER

A Post-Registration Service Center, located in the Illini Union, Second Floor South, will be open after on-campus registration to help students resolve registration problems and to provide assistance in other matters related to registration.

The center will observe the following weekday hours (it will be closed on weekends):

January 25-29:	9:00 a.m.-4:00 p.m.
February 1-4:	9:00 a.m.-4:00 p.m.
February 5:	9:00 a.m.-12:00 noon

The following activities will be supported in the Post-Registration Service Center:

- Answers to questions concerning fee assessment and graduate or fellowship appointments.
- Answers to questions concerning financial aid.
- Answers to questions concerning residency status.
- Collection of cash payments for tuition and fee charges.
- Suppressing the release of directory information (first five days only)
- Requests for Registration Statement of Charges and Aid replacement
- Adjustment of incorrect Registration Statements of Charges and Aid
- Will-call Registration Statements of Charges and Aid pickup.
- ID card replacement.
- Health insurance exemption and dependent coverage.
- Late registration, except course transactions which are processed in college and department offices.

LATE REGISTRATION

Late registration will be conducted in the Post-Registration Service Center, Second Floor South, Illini Union, from Monday, January 25, until 12:00 noon on Friday, February 5. Late registration will resume at 9:00 a.m. on February 8 at Window 25, 100 Administration Building. Late registration will not be conducted on the afternoon of February 5. **TO BEGIN LATE REGISTRATION, STUDENTS SHOULD GO FIRST TO THE LOCATION INDICATED BELOW FOR REGISTRATION MATERIALS**

Location of Late Registration Materials

- Nonadvance-enrolled undergraduate and professional students: office of the college of enrollment.
- Advance-enrolled undergraduate and professional students: Post-Registration Service Center until 12:00 noon on February 5; beginning February 8, Window 25, 100 Administration Building
- All graduate students: office of the department of enrollment

Students who do not return a Registration Agreement by 5:00 p.m., Thursday, January 21, will have courses reserved at either advance enrollment or on-campus registration cancelled. If they subsequently complete registration, they will be assessed a late registration fine which may be waived upon petition in exceptional circumstances, such as serious illness or death in the immediate family, activities during the registration period which benefit the student's academic program, or circumstances beyond the student's control. The petition form is available at the Post-Registration Service Center and, beginning February 8, at Window 25, 100 Administration Building.

Undergraduate students may register after the fifth day of instruction (January 29) only with the written consent of their college dean.

REGISTRATION OF NONDEGREE PART-TIME STUDENTS

Undergraduate part-time nondegree students must complete registration on January 28 and 29. Graduate and professional part-time nondegree students must register between January 28 and February 5 (12:00 noon). Part-time nondegree students who register on these dates will not be charged the late registration fine. (Full-time nondegree students are accorded regular registration and advance enrollment privileges.)

Undergraduate and professional nondegree students go to their college offices to obtain registration materials. Graduate nondegree students obtain registration materials from their advisers in the major department of enrollment and bring them to B3 North Coble Hall for approval. All students must then bring their registration forms to the Post-Registration Service Center to complete the registration process.

Nonacademic employees of the University, in addition to being eligible to register, require the written approval of the director of the Urbana-Champaign Personnel Services Office to enroll in courses. For further information telephone 333-2142.

LISTENERS OR VISITORS: AUDITING A COURSE

A "visitor" is only a listener in the classes attended and is not a participant in any part of the exercises. Visitors are not permitted in laboratory, military, physical education (other than theory), or studio classes. Students on "dropped" status are not eligible to visit classes.

Permission for enrolled students to attend a class as listeners or visitors is granted only by the instructor of the class and with the approval of the dean of the student's college. Written approval must be obtained on an official Visitor's Permit available at college offices. Former students not currently registered must obtain the approval of the dean of the college in which they were last registered. Persons not previously registered obtain the approval of the dean of the college in which the course is offered. Nonacademic employees of the University also must secure the recommendation of the head of the department in which they work and approval of the director of the Urbana-Champaign Personnel Services Office.

Registered students on a full fee schedule (Range I) and those holding scholarships, tuition waivers, or staff appointments which exempt them from tuition are not charged a fee for visiting classes.

Persons with scholarships that are specifically limited by law to courses for residence credit only are charged a \$15 fee for each course attended as a visitor.

Persons who are not registered in University courses and students registered on campus on a partial program fee schedule (Range II, III, or IV) are charged a fee of \$15 for each course attended on campus as a visitor only.

The visitor's fee is waived for persons sixty-five years of age or older. Proof of age must be presented at the Registration Services Office, Window 25, 100 Administration Building.

Persons registered as visitors who desire to withdraw receive a full refund of the visitor's fee, if originally charged, provided they make a personal request for a refund at Window 27, 100 Administration Building during the first ten days of instruction. **Refund deadline for the 1988 spring semester is 4:00 p.m., Friday, February 5.*** No refunds are made thereafter.

TUITION AND FEES

Tuition and fee charges given on page 11 are those in effect at the time this publication is being prepared. Students should realize that the actual charges for spring semester 1988 may be different from those shown.

Students registered on campus are assessed tuition on the basis of their college of enrollment (undergraduate, graduate, or professional); residence classification (Illinois or non-Illinois resident); and credit range, which is determined by the number of semester hours and/or graduate units for which a student is registered. There is also a tuition differential for lower and upper division undergraduate students; undergraduate nondegree students are assessed at the upper division tuition rate. Credit for undergraduate course work is counted in semester hours; credit for graduate course work is counted in units. For tuition and fee assessment purposes, 1 graduate unit is equivalent to 4 semester hours. Tuition and fee information is available at the Registration Services Office, Window 25, 100 Administration Building, (217) 333-0210.

Residency Classification

The residency classification of students for admission and tuition assessment is determined on the basis of the information given on the admission application and other credentials. Students who desire to change their assigned residency status must submit a petition. The residency regulations and the petition form are available at Window 25, 100 Administration Building. The petition for a change in residency classification for any academic term must be submitted within twenty days after registration or the first day of instruction, whichever is later, or the student loses all rights to a change in status and/or adjustment of the tuition assessed for that term.

Students for Equal Access to Learning (SEAL Fund)

Students registered on campus pay a \$4 fee each semester to supplement existing financial aid for needy students. A refund is available at the Office of Business Affairs, 100 Administration Building, to students who do not desire to participate, beginning March 7 and ending March 18, 1988.

Student Organization Resource Fee (SORF)

Students registered on campus pay a \$4 fee during each registration to support the Student Legal Service and to help fund programs and/or services of registered organizations. A refund is available at the Office of Business Affairs, 100 Administration Building, to those students who do not desire to participate, beginning February 22 and ending March 4, 1988.

Student Government Association Fee (SGA)

All registered students are assessed a nonrefundable \$1 fee each semester to support the activities of the Student Government Association.

* In cases of extenuating circumstances, such as medically documented serious illness or injury, exceptions to these refund periods may be made by the director of admissions and records, acting on a petition submitted by the student. Petition forms are available at Window 27, 100 Administration Building.

Computer Access and Support Fee

Students are assessed \$20 each term to help expand and maintain computer access sites and to develop and staff student computer programs

General Fee

Students are assessed \$30 each term to help support certain fixed costs for fee-supported buildings on campus

Graduation Fee

A \$15 graduation fee is assessed all students during the term in which they become degree candidates. Proceeds from this fee are used to defray partially the costs of commencement and recognition of student achievements. The graduation fee does not appear on the Registration Statement of Charges and Aid. (The fee does appear on the Student Accounts Receivable Statement.) No exemptions or waivers are authorized for this fee.

Emergency Short-Term and Intermediate Loans

In emergencies, to meet educational expenses, UIUC students who have completed all steps in the registration process, including payment of tuition and fees, may be eligible to negotiate emergency short-term or intermediate loans. For information regarding eligibility and other conditions, students who are U.S. citizens should go to 130 Fred H. Turner Student Services Building; international students (noncitizens who are not in the United States as permanent residents) should go to 510 East Daniel Street.

TUITION AND FEES BILLING

Billing and payment of tuition and fees, housing, and other registration charges occur after on-campus registration. Students who return a signed Registration Agreement and clear all encumbrances by 5:00 p.m. on January 21, are in good academic standing, and provide the University with a correct local mailing address on their Registration Agreement will be mailed a Registration Statement of Charges and Aid on or about January 25. Students who do not receive a statement by January 29 must go to the Post-Registration Service Center to request a duplicate copy. IT IS THE STUDENT'S RESPONSIBILITY AND OBLIGATION TO OBTAIN A STATEMENT AND TO PAY THE REGISTRATION CHARGES INDICATED BY THE DUE DATE WHETHER OR NOT A STATEMENT WAS RECEIVED AT THE LOCAL ADDRESS.

The Registration Statement of Charges and Aid itemizes all registration charges, financial aid administered by the University, financial aid from external agencies (ISSC, VA, etc.), and any cash aid for which the student is eligible. The installment payment plan, with due dates and finance charges, is explained elsewhere in this *Timetable*.

Students with statements showing cash aid in excess of charges should bring the statement to the Post-Registration Service Center for a check. Checks for students with Registration Statements dated January 21 will be available on or about January 29. Checks for students whose statements are dated January 29 will be available on or about February 4.

A personalized ID card validation label is included on each statement. This label is nontransferable and must be placed on the back of the student's ID card.

Installment Plan for Paying Tuition, Fees, and Housing Charges

An installment plan for paying tuition and fees, single student residence hall charges, and flight instruction fees is available to students enrolled on campus. The installment plan does not apply to registration in extramural, correspondence, and intersession courses, or to students to whom this privilege has been denied.

Charges for each semester are collected in three installments, the first payable by the due date shown on the Registration Statement of Charges and Aid and the remaining installments payable in each of the two following months.

Students electing the installment plan are assessed a finance charge of one percent of the amount deferred or a minimum charge of \$2, whichever is greater (subject to change without notice).

Students who pay their registration charges on the installment basis and later withdraw from the University or reduce their registration to a lower credit range after the established refund deadline date for an academic term are liable for the full amount of tuition and fees assessed.

An installment payment of charges is delinquent on the first day of the month following the date that payment is due.

Payment Options

Students may pay tuition and fee charges in full or by installment as explained elsewhere and on the Statement of Charges and Aid. The due dates for payments by both options are shown on the statement.

Payments by check or money order may be made by depositing them in special drop boxes at the following locations until 12:00 noon on Friday, February 5. Drop boxes may not be used to return Registration Agreements.

- Illinois Street Residence Halls — Illinois Street entrance.
- Florida Avenue Residence Halls — main entrance to Trelease Hall
- Gregory Drive Snack Bar — south entrance
- Allen Hall — next to the mailboxes
- Administration Building — east or west entrance.
- Main Library — central corridor
- Illini Union — southwest entrance

Students who must make payment in cash should do so at the Post-Registration Service Center in the Illini Union.

Payments may be made by U.S. mail provided they are received by no later than 12:00 noon on Friday, February 5; students should allow five days for delivery time when remitting payment by U.S. mail.

Payment Deadlines for Tuition, Fees, and Other Charges

WARNING

Students who have not made full or first installment payment by 12:00 noon on Friday, February 5, will not have completed registration. They will be allowed to remain in class and complete registration during the next fourteen calendar days by paying an additional charge of \$25 for failure to complete registration on time.

Students who still have not completed their registration by 4:00 p.m. on Friday, February 19, will be dropped from classes and will not receive credit for the semester.

Students who return their Registration Agreement but fail to make full or first installment payment by 4:00 p.m., Friday, February 19, must pay a nonrefundable charge for the semester amounting to one-half of the service fee plus the entire insurance and health service fees (rounded if necessary to the next higher even dollar), or \$30, whichever is greater. In most cases, payment of this charge entitles students to insurance coverage, use of the McKinley Health Center, and use of intramural-physical education facilities for the semester.

Tuition, fees, and other charges must be paid in full or by installment as indicated below.

¹ All students also are required to pay refundable fees of \$4 per semester for SEAL (Students for Equal Access to Learning), and a \$4 per term for SORF (Student Organization Resource Fee). A nonrefundable \$1 fee also is assessed to support the Student Government Association.

² Tuition and fee schedules for students in the Executive M.B.A. Program and Study Abroad programs are available from the Registration Services Office, Window 25, 100 Administration Building, (217) 333-0210. Students enrolled in the Veterinary Medicine Professional Program are assessed a single tuition rate for each of the four years of the professional curriculum; tuition is not prorated over the traditional four ranges since the professional curriculum requires a full course of study each term.

³ Students in Ranges I-II are assessed a service fee of \$116, a health service fee of \$103, a health insurance fee of \$42, a general fee of \$30, and a computer fee of \$20 (total, \$311), plus SEAL (\$4), SORF (\$4), and SGA (\$1) fees. Students in Ranges III-IV are assessed a \$87 service fee plus the other fees as stated for Ranges I-II.

⁴ Students enrolled in Ranges I-II of this program are assessed a service fee of \$126, a health service fee of \$103, a health insurance fee of \$42, a general fee of \$77, and a computer fee of \$20 (total, \$268), plus SEAL (\$4), SORF (\$4), and SGA (\$1) fees. Students in Ranges III-IV are assessed a \$52 service fee plus the other fees as stated for Ranges I-II. The same fee schedules apply to students enrolled in the Health Sciences Nursing Program at UIUC.

For students who register at the Post-Registration Service Center by 4:00 p.m. on Friday, January 29. Registration Statements of Charges and Aid are not mailed; they must be picked up at the Post-Registration Service Center by 12:00 noon, Friday, February 5.

Monday, February 8,

4:00 p.m......**For students who late-register from February 1 through 12:00 noon on February 5.** Registration Statements of Charges and Aid must be picked up at Windows 25-26, 100 Administration Building, on February 8, and payment made either in full or by installment on the same day

Monday, February 8,**4:00 p.m., or by****4:00 p.m. on the day of**

late registration**For students who late-register on February 8 or later.** Payment of charges either in full or by installment must be made by 4:00 p.m. on the same day as registration

Students in Debt to the University

Students who are in debt to the University at the end of any term may not be permitted to register in the University again. They are not entitled to receive either a diploma or an official transcript of credits until either the indebtedness has been paid or suitable arrangements for payment have been made, unless the student either has a bankruptcy petition pending seeking a discharge of all such indebtedness, or all such indebtedness has been discharged

Delinquent Student Accounts

A delinquent service charge of one percent per month or a minimum monthly charge of \$1 (subject to change without notice), whichever is greater, is added to delinquent student accounts. The delinquent service charge is applied to all items charged to the student account and for which payment is delinquent.

Returned Checks

A penalty of \$10 (subject to change without notice) is assessed students for each check they present to the University which is returned to the Office of Business Affairs for insufficient funds or other reasons. Additional penalties, including dismissal from the University, may be imposed on students who permit their University accounts to become delinquent or who issue checks which are returned to the University unpaid. In most cases, the student who endorses a two-party check is the person who is liable for any penalties which are charged if that check is returned

REFUNDS**Cancellation of Registration**

Failure to return a signed Registration Agreement by 5:00 p.m., Thursday, January 21, cancels a student's advance enrollment and obligation to pay tuition and fees for the 1988 spring semester.

Students who sign and return a Registration Agreement and later decide not to attend the University may cancel the agreement up to 5:00 p.m. on the first day of classes.

To cancel a Registration Agreement prior to the beginning of an academic term, students must submit a request for cancellation to the Office of Admissions and Records. The request may be made by mail addressed to the Office of Admissions and Records, 10 Administration Building, 506 South Wright Street, Urbana, Illinois 61801, requests by mail must be received in the Office of Admissions and Records by no later than 5:00 p.m. on the last day of on-campus registration, January 21, 1988. Or, students may bring the request to the Registration Services Office, Window 27, 100 Administration Building, by no later than 4:00 p.m. on January 21, 1988. If either of

these options is satisfied, the student's Registration Agreement will be cancelled, and the student will not be charged tuition and fees.

Students who have neither attended any classes nor received any related student services may cancel their Registration Agreement by depositing a completed clearance paper obtained in the office of the dean of their college at the Registration Services Office, Window 27, 100 Administration Building, by no later than 4:00 p.m. on the first day of classes (January 25, 1988). To be relieved of the obligation to pay tuition and fees, students who cancel their Registration Agreement must surrender their permanent ID card and/or the individualized validation label which will accompany their Registration Statement of Charges and Aid. These items must be returned immediately upon receipt of the statement to the Registration Services Office, Window 25, 100 Administration Building, or by mail addressed to the Office of Admissions and Records, Registration Services Office, 10 Administration Building, 506 South Wright Street, Urbana, Illinois 61801.

Once students have attended a class or have used campus services, they may not cancel their Registration Agreement. If they leave the University, they must officially withdraw.

Students who return their Registration Agreement but fail to make full or first installment payment by 4:00 p.m. on Friday, February 19, 1988, must pay a nonrefundable charge amounting to one-half of the service fee plus the entire insurance and health service fees (rounded, if necessary, to the next higher even dollar), or \$30, whichever is greater.

Students who failed to complete registration for the 1987 fall semester by September 25, 1987, and who seek reinstatement by payment of all tuition, fees, and penalties, and all other persons seeking retroactive registration are cautioned that such transactions will not be permitted from December 30, 1987, through February 5, 1988. These students will be required to register late for the 1988 spring semester and will be subject to the late registration fine.

Withdrawal from the University

Students who withdraw from the University during the first ten days of instruction in a semester are assessed a nonrefundable charge amounting to one-half of the service fee plus the health insurance fee and the health service fee (rounded if necessary to the next higher even dollar), or \$30, whichever is greater. Students who withdraw continue to be covered by health insurance and are eligible to receive health services if fees for insurance and health services were paid, until the first day of on-campus registration for the next term. Use of intramural-physical education facilities is also permitted. Students who have been exempted from the payment of these fees will have the nonrefundable charge reduced by the amount of the appropriate fee(s).

Students must follow established withdrawal procedures beginning with completion of a clearance form available in the office of the dean of their college. To obtain a refund, students must deposit the completed withdrawal clearance form at the Registration Services Office, Window 27, 100 Administration Building, by no later than 4:00 p.m. on Friday, February 5, 1988. Thereafter, no refund is allowed.¹ Students who have been permitted to pay tuition and fee charges on an installment basis and who later withdraw from the University after the established refund deadline date are liable for the full amount of tuition and fees assessed. Special refunds are authorized to students who withdraw to enter active duty in the armed forces or other approved national defense service

Reduction of Program

Students who reduce their registration to a lower fee assessment range receive a refund of the full amount of the difference in tuition and fees specified for such schedules, provided the change is made

¹In cases of extenuating circumstances, such as medically documented serious illness or injury, exceptions to these refund periods may be made by the director of admissions and records, acting on a petition submitted by the student. Petition forms are available at Window 27, 100 Administration Building

by 5:00 p.m. on Friday, February 5, 1988. Thereafter, no refund is allowed.¹

Incomplete Registration

A Registration Statement of Charges and Aid will be mailed on or about January 25 to students who submitted a signed Registration Agreement by the close of on-campus registration. A student's registration is not complete until the Office of Business Affairs has received the Registration Statement with the appropriate payment by the due date indicated on that statement.

Students who return a signed Registration Agreement but do not return the Registration Statement of Charges and Aid with the appropriate payment by 12:00 noon on Friday, February 5, 1988, will not have completed registration. They will be allowed to remain in class and complete registration during the next fourteen calendar days if they pay an additional late-payment charge of \$25 for failure to complete their registration by the due date. **At the end of the fourteen-day extension period — 4:00 p.m. on Friday, February 19, 1988 — students who still have not completed their registration will be dropped from class.**

Flight Training Fees

A student who withdraws from a flight-training course during the first ten days of instruction in a semester receives a refund of the flight-training fee. **Refund deadline is 4:00 p.m. on February 5, 1988, for the spring semester.** Thereafter, no refund is made.¹

TUITION AND FEE EXEMPTIONS

Appearing below are some of the generally applicable tuition and fee waivers; a full description of all tuition and fee charges with authorized exemptions and waivers is available from the Registration Services Office, Window 25, 100 Administration Building. Tuition and fee waivers are not granted for the Executive M.B.A. Program or other full-cost programs. Students are urged to consult the staff at the Registration Services Office if they feel they qualify for any of these waivers.

Waiver of Tuition

Tuition is waived for:

1. All faculty and academic professional employees (excluding graduate assistants) of the University on appointment for at least 25 percent of full-time service, provided the appointments require service for not less than three-fourths of a term. This waiver also applies to staff members of certain specifically identified related agencies whose positions are considered equivalent to academic positions of the University. A term is defined as running from the first day of registration through the last day of final examinations. Three-fourths of a term is defined as ninety-one days in a semester and forty-one days during the eight-week summer session. Students who resign their staff appointments, or whose appointments are cancelled before rendering service for at least three-fourths of the term, become subject to the full amount of the appropriate tuition and fees for that term unless they withdraw from University classes at the same time or before the appointment becomes void, or they file a clearance form for graduation within one week following the resignation date.
2. Graduate teaching and research assistants of the University on appointment for at least 25 percent but not more than 67 percent of full-time service, if approved for a waiver by their sponsoring unit and no tuition and fees payments are available from an outside agency. Their appointments must require service for not less than three-fourths of the term (as defined in item 1 above).

¹ In cases of extenuating circumstances, such as medically documented serious illness or injury, exceptions to these refund periods may be made by the director of admissions and records, acting on a petition submitted by the student. Petition forms are available at Window 27, 100 Administration Building.

Those on appointment for 68 percent or more of full-time service pay tuition at the in-state rate and are eligible for waiver of the service fee only. Caution: assistantship appointments are cumulative. For example, if a person holds two appointments, a 25 percent and a 50 percent assistantship appointment, he or she is ineligible for a tuition waiver.

3. Academic staff members emeriti
4. Holders of tuition waiver scholarships
5. Holders of graduate tuition and fee waivers awarded by the Graduate College.
6. Holders of grants or contracts from outside sponsors which provide payments to cover the total cost of instruction
7. Cooperating teachers and administrators who receive an assignment of practice teachers, who receive assignment of students meeting the clinical experience requirement in teacher education curricula, or who cooperate in research projects related to teacher education, are exempted for one semester, quarter, or summer session for each semester, quarter, or equivalent service rendered within two consecutive semesters. The exemption shall apply to the semester, quarter, or summer session of registration, as designated by the student, which is concurrent with, or following, the term of service, but must be applied no later than one calendar year from the end of the term of service. Concurrent registration on more than one campus of the University or in University extramural courses constitutes one semester, quarter, or session of eligibility for exemption. A similar waiver is authorized for cooperating librarians, school-nurse teachers, social welfare field supervisors, recreation field supervisors, health-education field supervisors, speech pathology supervisors, developmental child care field supervisors, educational psychology supervisors, and physicians who participate without salary in the instructional program of the University of Illinois College of Medicine at Urbana-Champaign
8. Illinois Teacher of the Year recipients.
9. Eligible Illinois senior citizens
10. Nonacademic employees of the University, of other institutions and agencies under the University Civil Service System, and of certain specifically identified related agencies in status appointments or in appointments designed to qualify for status in an established class (e.g., trainee, intern) for at least 50 percent of full-time services who register in regular University courses not to exceed:
 - Six credit hours or two courses in a semester or quarter if on full-time appointment,
 - Four credit hours if on a 75 percent to 99 percent time appointment, or
 - Three credit hours if on a 50 percent to 74 percent time appointment, provided that they (1) meet conditions and eligibility for admission as prescribed by the Office of Admissions and Records, (2) are not students as defined in Civil Service Rule 7.7c, and (3) have the approval of their employing departments for enrollment and a makeup schedule to cover any time in course attendance during their regular work schedule.

The waiver of tuition also applies to any additional hours of registration by employees which keep them within the same fee assessment credit range. Employees whose total registration is in a higher range than that authorized by their tuition waiver pay only the difference between the waiver authorization and the higher range in which their total registration places them.

11. Nonacademic employees in a status, learner, trainee, apprentice, or provisional appointment may enroll without payment of tuition in regular courses directly related to their University employment for not to exceed 10 credit hours per semester provided they have made application and received prior approval for enrollment as required by procedures issued by the director of nonacademic personnel and set forth in *Policy and Rules — Nonacademic*

Waiver or Exemption of the Nonresident Portion of Tuition

Nonresident portion of tuition (if subject to payment of tuition) is waived or exempted for

1. Staff members on appointment for at least 25 percent of full-time services with the University and with certain specifically identified related agencies provided the appointment requires service for not less than three-fourths of the term
2. The faculties of state-supported institutions of higher education in Illinois holding appointments of at least one-quarter time, provided the appointment requires service for not less than three-fourths of the term
3. The teaching and professional staff in the private and public elementary and secondary schools in Illinois, such as counselors, school psychologists, school social workers, librarians, and administrators who hold such an appointment at least one-quarter time, and for not less than three-fourths of the term
4. The spouses and dependent children of all staff members on appointment with the University and certain specifically identified related agencies for at least 25 percent full-time service, and of those listed in the second item above. (Dependent children are those who qualify as dependents for federal income tax purposes.)
5. The spouses and dependent children of fellows and trainees who are employed as teaching assistants to the fullest extent permitted by their fellowship appointment.
6. Persons actively serving in one of the armed forces of the United States who are stationed and present in the state of Illinois in connection with that service, and their spouses and dependent children, as long as the military person remains stationed, present, and living in Illinois

Service Fee Waivers/Exemptions

The service fee is waived or exempted for:

1. Graduate teaching and research assistants of the University on appointment for at least 25 percent of full-time services for not less than three-fourths of the term if approved for a waiver by their sponsoring unit and no tuition and fees payments are billable to an outside agency.
2. Holders of graduate tuition and fee waivers awarded by the Graduate College
3. Students registered in absentia
4. Students registered in approved off-campus courses and study abroad courses
5. Students registered as participants in the high school concurrent enrollment program are exempt from the service fee and thus will not have access to the benefits provided by this fee.
6. Illinois Teacher of the Year recipients.
7. Holders of grants or contracts from outside sponsors that provide payments to cover the total cost of instruction, if this fee is charged to the contract or grant funds.
8. Cooperating teachers and administrators (see Waiver of Tuition above)
9. Academic staff members emeriti.
10. Nonacademic employees exempted from tuition as specified in the last two categories under Waiver of Tuition section above are exempt from the service fee.
11. Academic staff members (except graduate assistants) who qualify for tuition waivers are exempt from the service fee, and will not have access to the benefits provided by this fee.

Health Service and Student Insurance Fee Exemptions

Students totally exempt from payment of the health insurance fee and the health service fee, and therefore not eligible for these benefits and services, are

1. Persons registered for doctoral thesis research in absentia.
2. Persons registered in off-campus courses and study abroad courses for zero credit. (If registered for more than zero credit they are required to pay the insurance fee.)
3. University employees registered at the request of their department in zero-credit courses especially established to improve the work of the employee
4. Staff members who are registered as students and who are eligible for the mandatory State of Illinois Employees Insurance Program.

5. Staff members of certain specifically identified related agencies who are eligible automatically to receive hospital-medical coverage as an employee benefit at the cost of the employing agency.
6. Illinois Teacher of the Year recipients.

Cooperating teachers and administrators, certain field supervisors, and students registered as participants in the high school concurrent enrollment program are exempt from payment of the health service fee. All other students enrolled on campus must pay the health service fee, unless they have a fellowship or grant that specifically pays for it.

Teaching and research assistants should note they are not entitled to a waiver of the health insurance fee or the health service fee unless they also have a fellowship or a grant that specifically pays for those fees.

Student Health Insurance

All students are assessed an insurance fee to cover the cost of the University Student Comprehensive Health Insurance Program. This fee may be waived if the student presents evidence of equivalent insurance coverage and completes a petition for exemption from the insurance fee. EXEMPTION MUST BE REQUESTED IN PERSON.

Evidence of equivalent insurance may be established by the student's insurance policy or an identification card with a brochure to outline the benefits of the program. Military personnel and their dependents need only show their military identification cards. Letters from employers, insurance companies, or agents will be accepted provided they are on company letterhead and are signed by a company official giving the name of the insurance company and defining the scope of the insurance coverage of the student.

To qualify for the exemption, a student must present satisfactory evidence of insurance and must complete an exemption petition at:

- The Insurance Station at the Armory during On-Campus Registration.
- The Insurance Station at the Post-Registration Service Center, Illini Union, second floor south.
- The Student Insurance Office, Room 228, 505 East Green Street, Champaign, following the post-registration period.

Items mailed to the Student Insurance Office or included in payments made by mail will be returned to the sender without action. Such items must be resubmitted by the student IN PERSON within the stated deadline.

Requests for exemption MUST be made in person by 4:00 p.m. on Friday, February 5, 1988. Once waived, the exemption will be continuous, and it is the student's responsibility to request reinstatement in the Student Health Insurance Program. Reinstatement may be requested at any time, but is subject to approval of a statement of medical history. Telephone (217) 333-0165 for inquiries about insurance.

Married students may purchase insurance for spouses and/or children by making application and paying an additional premium in person at the Insurance Stations given above. A brochure explaining the insurance benefits and possible coverage during terms in which students are not enrolled is available from the Student Insurance Office, Room 228, 505 East Green Street, Champaign.

SPRING SEMESTER 1988: NONCOMBINED FINAL EXAMINATION SCHEDULE

May 13 through May 20, 1988

Note: This schedule does not apply to courses in the Colleges of Law and Veterinary Medicine, which publish separate schedules. A combined-sections final examination schedule for giving examinations to several sections of a course at the same time appears late in the semester in the *Daily Illini*. Detailed information governing final examinations is contained in the "Instructions for Giving Final Examinations" issued late each term by the Office of Admissions and Records and available for inspection at all departmental offices.

Illinois law requires the University to reasonably accommodate its students' religious beliefs, observances, and practices in regard to admissions, class attendance, and the scheduling of examinations and work requirements. All regulations governing final examinations will be applied in the context that individual student religious beliefs, observances, and practices will be reasonably accommodated if the student informs his or her instructor of the conflict within one week after being informed of the final examination schedule. Any student may appeal in writing an instructor's adverse decision to a request based on religious beliefs, observances, and practices; such appeal must be made to the dean of the student's college or to the director or dean of the student's school or institute (if such school or institute is organized as a separate unit). Before taking action, the dean or director should request that the instructor explain his or her denial in writing.

Requirement

Final examinations must be given during the scheduled final examination period for each course, except in a course which has a character that renders a final examination unnecessary or impracticable. The head or chairperson of the academic department in which the course is offered determines when a final examination is not required.

Time of Examinations

Instructors must give final examinations at the time specified in the published schedule unless a change is approved *in advance* by the vice-chancellor for academic affairs. Requests for change must be submitted through the executive officer of the department or school (if applicable) in which the course is offered and the dean of the appropriate college. Requests for examination changes should be made only in cases of legitimate need and not just for the convenience of students and instructors.

Requests for changes in the examination schedule will not be considered for approval unless the instructor (a) has polled the class to determine that an alternative date is desired by a majority of the class members, (b) also offers the examination at the regularly scheduled time if there are those who do not choose to take it at the alternate time, and (c) has contacted the Office of Space Utilization and has assurance that space is available in which to give the examination at an alternate time if approved. The Office of Space Utilization will not confirm space availability for early examinations until the twelfth week of the semester.

No semester final examination should be given during a "regular" class period unless this is deemed necessary by virtue of the course or the examination (e.g., a laboratory "practical" examination as one part of a final examination).

NOTE:

Undergraduate Students: Only the dean of the student's college may approve temporary postponement of the final examination in individual cases of undergraduate students.

Graduate Students: The student's instructor is authorized to approve requests for postponement of the final examination in individual cases of graduate students.

Place of Examinations

Examinations will be held in the room where the course meets for the first contact hour of the week except for combined-sections examinations, examinations for courses in which the instructor has requested additional space for the examination, or specially scheduled examinations. Instructors will announce any special or changed room assignments.

Take-Home Examinations

If take-home final examinations are assigned, they are to be submitted at the time and date of the regularly scheduled final examination. If

instructors wish to depart from this practice, they must follow the procedure for changing the final examination schedule as stated elsewhere in this section.

Length of Examinations

The maximum limit for undergraduate examinations shall be three hours, except by special arrangement in individual cases approved by the dean of the appropriate college. At the discretion of the department, a shorter examination may be given.

Conflicts

Noncombined examinations always have precedence over examinations for combined sections, and departments giving combined-sections examinations must provide "conflict examinations" if required. Two examinations in sequence are not considered "conflicts."

In cases of students having two evening examinations scheduled at the same time, the examination for classes meeting at 7 a.m., 12 noon, 4 p.m., 5 p.m., 6 p.m., 7 p.m., and 8 p.m. shall have priority in that order. Instructors must provide examinations for students with conflicts.

National actuarial examinations take priority over campus final examinations. Faculty members must offer "conflict" examinations to students scheduled to take national actuarial examinations and final examinations at the same time.

Students Having More Than Two Examinations in Any 24-Hour Period

No student should be required to take more than two consecutive final examinations. This means that if a student takes a final examination at 8:00 a.m. and 1:30 p.m. on the same day, he or she cannot be required to take an examination that same evening. However, the student could be required to take an examination beginning at 8:00 a.m. the next day. Similarly, a student having a final examination at 7:00 p.m. and then at 8:00 a.m. the next day cannot be required to take an examination at 1:30 p.m. on the same day. Any student having more than two final examinations scheduled to begin in consecutive examination periods is entitled to rescheduling if he/she takes the following actions *no later than the last day of classes*:

1. The student must investigate whether a conflict examination is being held at another time for any of the examinations involved (note: instructional staff members are urged to announce any conflict final examinations by the last day of classes);
2. If a conflict examination has been scheduled for any of the courses, the student must take one or more of these conflict examinations;
3. If no conflict examinations have been scheduled, the student should contact the instructor of the course having the largest number of students (*the contact must be made no later than the last day of classes*) — that instructor *must* provide a makeup examination.

STUDENT REGULATIONS

University regulations applying to students are published in the *Code on Campus Affairs and Regulations Applying to All Students*. Students are responsible for complying with the regulations of the University, their colleges, and the departments from which they take courses, and for fulfilling the requirements for a particular degree.

The *Code on Campus Affairs and Regulations Applying to All Students* is available in 177 Administration Building; at the Campus Student Assistance Center, 107 Fred H. Turner Student Services Building; the ID Station in the Armory (during on-campus registration); and the Post-Registration Service Center in the Illini Union, Second Floor South.

Some student regulations are given below, but students are advised to refer to the complete regulations.

THE FINAL EXAMINATION FOR A COURSE IS SCHEDULED ACCORDING TO THE FULL- OR HALF-HOUR ON MONDAY OR TUESDAY ON WHICH THE CLASS FIRST MEETS DURING A FULL ACADEMIC WEEK (MONDAY THROUGH SATURDAY) IN THE SEMESTER. For example, if a course meets at 9:00 a.m. on MWF, the examination must be given from 8:00 to 11:00 a.m. on Monday, May 16. The final examination for a course meeting regularly on TTh from 2:30 to 4:00 p.m. must be given from 1:30 to 4:30 p.m. on Saturday, May 14.

In courses having a combination of lecture and discussion and/or laboratory periods, the first lecture hour of the week is considered the first contact of the week.

For courses not provided for in the examination schedule (those meeting for the first time on Wednesday or later), examinations are to be given within the established examination schedule at the discretion of the instructor and at a time to avoid conflicts. A conflict examination must be given if necessary. The instructor must call the department office to schedule the room for the examination.

All 300- and 400-level education courses meeting once a week must have final examinations on the same day and time as the classes regularly meet. The Office of Space Utilization will make room assignments for these courses.

Number of Hours Required

Undergraduate students are required to pursue a normal program of studies which varies by college and curriculum. More or less than a normal program may be permitted only by authority of the dean of the college or his or her designated representative.

For undergraduate, graduate, and professional students, the minimum program required for receipt of maximum educational benefit payments under the Veteran's Readjustment Benefits Act of 1966 and receipt of social security benefits as a dependent is 12 hours or 3 units in a semester (6 hours or 1½ units in an eight-week summer session).

In most colleges, the minimum undergraduate program for Dean's List is 14 hours.

Class Level:

Freshmen 0 to 29.9 hours
Sophomores 30 to 59.9 hours
Juniors 60 to 89.9 hours
Seniors 90 hours and above

Graduate students are certified as advancing one year of study if they were registered in two semesters. Graduate students on a consecutive-summer-session-only pattern are advanced one year after completion of three eight-week summer sessions. A graduate student may not be certified as having advanced one year more than once within a twelve-month period.

Repeated Undergraduate Courses

If a student is permitted by the dean of his or her college to repeat a subject for which the student has received credit either by class work at the University or by advanced standing previously allowed for work done elsewhere, he or she forfeits the original credit. The original credit earned in a course is not forfeited by registration unless the student remains registered in the repeated course to the end of the semester, term, or summer session.

Failure to pass the repeated course does not restore the original credit, but both grades count in the graduation average if the course is one regularly acceptable toward the student's degree. If the course is again repeated, all grades received, passed or failed, are counted in the graduation average.

Classification of Students

The Registrar's Office uses only the following definitions in the classification of enrollment:

Full-time Students:	Undergraduates	Graduate Students
Fall and Spring Semesters	12 or more hours	3 or more units
Summer Sessions	6 or more hours	1.5 or more units
Half-time Students:		
Fall and Spring Semesters	6 to 11.5 hours	1.5 to 2.75 units
Summer Sessions	3 to 5.5 hours	0.75 to 1.25 units

Credit-No Credit Grades

The credit-no credit grading option at this campus is designed to encourage student exploration into areas of academic interest which they might otherwise avoid for fear of poor grades. All students considering this option are cautioned that many graduate and professional schools consider applicants whose transcripts bear a significant number of nongrade symbols less favorably than those whose transcripts contain none or very few. Likewise, in computing a preadmission grade-point average, some schools may convert the NC symbol to a failing grade since they do not know whether the actual grade was a D, E, or Ab.

ALL STUDENTS

- Credit-no credit courses are not counted toward the grade-point average but are included as part of the total credit hours
- Instructors are not informed of those students in their classes who are taking work under the credit-no credit option, and they report the usual letter grades at the end of the course. These grades are automatically converted to CR or NC.
- Grades of C or better are required in order to earn credit.
- Final grades of CR or NC (for credit or no credit) are recorded on the student's permanent academic record and subsequently will not be changed to letter grades.
- Correspondence course students may elect the credit-no credit option prior to completion of one-eighth of the lessons contained in the course; however, should they desire to return to a letter grade, an amended credit-no credit form must be filed prior to completion of one-half of the lessons.
- Courses taken under the credit-no credit option, either in residence or in correspondence, may be dropped only in accordance with the normal procedures for dropping courses.

UNDERGRADUATE STUDENTS

- Any undergraduate student in good academic standing (not on probation) may elect the credit-no credit system. Students not in residence, but enrolling in correspondence courses, may elect the credit-no credit option provided they are in good academic standing.
- To elect the credit-no credit option, students must obtain the approval of their adviser or, in the case of a correspondence course, their adviser or college office.
- Students who go on probation after enrolling must change their program to eliminate the credit-no credit option.
- A maximum of 18 semester hours earned under the credit-no credit option may be applied toward a degree at the Urbana-Champaign campus of the University. A correspondence course taken on a credit-no credit basis will be included in the 18 semester hour maximum credit-no credit limit allowed. A full-time student may take a maximum of two courses each semester under the credit-no credit option. Part-time students may take one course each semester under this option. Summer session students may take one course under the credit-no credit option.
- Any lower or upper division course may be chosen under the credit-no credit option except courses used to satisfy the University's general education requirements, courses designated by name or area by the major department for satisfying the major or field of concentration, or those specifically required by name by the college for graduation.
- In cases of subsequent change of major or field of concentration, courses previously taken under the credit-no credit option in the new field may qualify for meeting major requirements.
- Undergraduate students must exercise the credit-no credit option for a course taken in residence during on-campus registration, within the first eight weeks of instruction in a semester, during the first four weeks of an eight-week course taught in a fall or spring semester, or during registration or within the first four weeks of instruction during the summer session. Students may elect to return to the regular grade option by filing an amended request within the first eight weeks of instruction in a semester, within the first four weeks of instruction in an eight-week course taught during a semester, or within the first four weeks of instruction during the

summer session. The credit-no credit option form must be properly approved and deposited in the college office

Consult the spring semester calendar for the deadline dates

PROFESSIONAL STUDENTS

Students in the Colleges of Law and Veterinary Medicine under the credit-no credit option may elect undergraduate courses not required as part of the professional curriculum

Professional students may elect the credit-no credit option during advance enrollment, during on-campus registration, within the first eight weeks of a semester, within the first four weeks of an eight-week course taught in a fall or spring semester, or within the first four weeks during the summer session. Students may elect to return to the regular grade basis by filing an amended request within the first eight weeks of instruction in a semester, within the first four weeks of instruction in an eight-week course taught during a semester, or within the first four weeks of instruction during the summer session. The credit-no credit option form must be properly approved and deposited in the college office

GRADUATE STUDENTS

Graduate students may elect the credit-no credit option during advance enrollment, during on-campus registration, or through the last day allowed for dropping a course without academic penalty. Students may elect to return to the regular grade basis by filing an amended request by the deadline date for dropping a course without academic penalty as indicated in the Graduate College calendar. The credit-no credit option form must be properly approved and deposited in the college office

The student's adviser must approve the election of this option in accordance with the policy established by the major department.

At least 2 units of credit with grades of A through D must be earned on this campus for every unit of credit earned under the credit-no credit option

Identification Cards

New students are issued a permanent photo identification card which is validated for every subsequent term in which they register. This ID card must be retained by them while they are registered at the University. Validation labels are included on the Registration Statement of Charges and Aid of all students and must be placed on the back of their ID card. The validation label is nontransferable and contains information about insurance and health services entitlement. The ID card is issued by the Office of Admissions and Records and remains the property of the University. Students who alter or intentionally mutilate a University ID card, who use the ID card of another, or allow their ID card to be used by another may be subject to discipline

The University ID card must be presented for identification purposes at the request of an agent of the University when the agent is acting in the performance of her or his supervisory or security function (for example: examination proctor, University Police, residence hall director or adviser, gymnasium supervisor, ticket takers, or ushers) Any student refusing to provide the University ID card when requested by an agent of the University may be subject to discipline

An ID card may be confiscated by an agent of the University when acting in the performance of his or her duties if

The ID card is in the possession of an individual other than the one to whom the card was issued and that individual attempts to use the card to represent himself or herself as a duly registered student

The ID card is presented by the individual to whom it was issued but is not valid for the term of registration at the time and the individual attempts to represent himself or herself as a duly registered student

Exceptions: At the beginning of a term, a student is allowed to use an outdated ID card during the first two weeks of class. In such cases a copy of the student's schedule or receipt from the Registration Agreement may be required in addition to the ID card.

Replacement ID cards can be obtained at the Registration Services Office, Window 27, 100 Administration Building. A charge of \$17 is

assessed to replace each lost, mutilated, confiscated, or stolen ID card. A charge of \$1 is made for replacing each lost, mutilated, confiscated, or stolen ID validation label.

An identification card for student spouses may be obtained without cost at Window 27, 100 Administration Building.

FALSIFICATION OF DOCUMENTS

Any student who, for purposes of fraud or misrepresentation, falsifies, forges, defaces, alters, or mutilates in any manner any official University document or representation thereof may be subject to discipline. Some examples of official documents are identification cards, program requests, receipts, transcripts of credits, library documents, etc.

Any applicant who withholds information pertinent to the admissions decision or gives false information while making application for admission or readmission to the University of Illinois at Urbana-Champaign will be declared ineligible for admission to the University. In cases discovered after admission has occurred but prior to initial registration, the admission will be cancelled. If the falsification led to admission which would not have been granted based on the person's academic record, students enrolled will have their registrations cancelled. The appropriate action will be invoked by the director of admissions and records and the dean of the college involved. Cases where admission or registration cancellation is contested in writing by the applicant or student within ten working days after notification will be reviewed by the vice-chancellor for academic affairs or his designee. If, however, the person would have been admissible based on his/her true record, the registered student will be referred for possible disciplinary action, including dismissal, to the Senate Committee on Student Discipline.

Any student who knowingly withholds information or gives false information in any document or material submitted to any member or agent of the University may be subject to discipline.

Withdrawal from the University

Students who leave the University during any semester, term, or summer session must officially withdraw from the University by filing a clearance paper. Otherwise the courses they are pursuing will appear on their record as Ab (absent — counts as failure). Students enrolled in only one course who later drop that course must officially withdraw from the University.

Upon notification that the University discipline system has initiated action against a student, that student may not officially withdraw until the hearing of the case has been conducted by the appropriate disciplinary committee. Students begin the clearance procedure at their college office.

Undergraduate students who withdraw from the University within the last three weeks of instruction in a semester or those whose status cannot be determined because of excused grades, may register again only on petition approved by the dean of their college. (See Academic Calendar for date.)

Transcripts of Courses and Grades

A student in debt to the University is not entitled to receive a diploma or an official statement or transcript of credits until the indebtedness has been paid or suitable arrangements for payment have been made, unless the student either has pending a bankruptcy petition seeking a discharge of all such indebtedness, or such indebtedness has been discharged.

Students who graduate or withdraw from the University and have outstanding loans from the University of Illinois will not be issued a transcript until they have completed an exit interview with the Office of Business Affairs, 162 Administration Building.

A \$2 fee is charged for each copy of an official transcript. A \$1 fee is charged for each certification of enrollment. The charge for same-day service is \$5 for the first transcript or certification with the regular fee applying to extra copies ordered at the same time; all same-day service requests must be ordered in person. Transcripts may not be ordered by telephone. They may be ordered at the Registration Services Office, Window 27, 100 Administration Building

or by mail addressed to the Transcript Department, University of Illinois at Urbana-Champaign, 10 Administration Building, 506 South Wright Street, Urbana, IL 61801. A check or money order made payable to the University of Illinois should accompany the order.

Under ordinary circumstances, transcripts will not be released during the period of final examinations and two weeks thereafter to allow for the recording of final grades for the term.

Student Records Policy

It is University policy to comply fully with the Family Educational Rights and Privacy Act of 1974 as amended. Guidelines and regulations for discharge of the University's obligation under this act are contained in the *Code on Campus Affairs and Regulations Applying to All Students*.

Under these guidelines:

- Students have the right to inspect their education record.
- The University may release without the student's consent information which appears in student directories and publications which are available to the public except when requested by a currently enrolled student to suppress this information until the first day of classes of the following semester. Directory information includes the student's name; addresses; telephone numbers; college, curriculum, and major field of study; class level; date of birth; dates of attendance and full- or part-time status; eligibility for membership in registered University honoraries; degrees, honors, and certificates received or anticipated; weight and height if she or he is an athletic team member; participation in officially recognized activities and sports; and institutions previously attended. Forms for suppressing this information are available at Station 1A in the Armory during on-campus registration and at the Post-Registration Service Center in the Illini Union. They must be completed either at on-campus registration or within the first five days of class in a semester.
- Certain student records may be released only with the prior consent of the student.
- Certain student records can be released with or without the student's consent.
- Under certain conditions, parents may be granted access to a student's record with or without the student's consent.
- Procedures exist for students to challenge the contents of their educational record.

Addresses of Students

Each student is responsible for maintaining in the Office of Admissions and Records the current addresses of the following:

- His or her local address (for local mailings).
- His or her permanent address or permanent mailing address.
- The address of his or her parent(s), guardian, or spouse.

Each address must be reported each term. All changes must be reported immediately to the Registration Services Office, Window 27, 100 Administration Building.

STUDENT/CONSUMER INFORMATION

The University of Illinois at Urbana-Champaign has student/consumer information available at the following campus locations:

- Admissions — Office of Admissions and Records, 177 Administration Building, 333-0302, or individual college offices.
- Financial aid — Student Financial Aid Office, 420 Fred H. Turner Student Services Building, 333-0100.
- Housing — Housing Information Office, 2 Fred H. Turner Student Services Building, 333-1420.
- Other information — the Student Assistance Center, lobby of the Fred H. Turner Student Services Building, 333-4636.

LISTING OF COURSES

The following *Timetable* of courses offered by the University is subject to whatever changes may prove necessary at registration time. Notices of all changes in time or place of meeting of classes will be supplied to advisers for checking program request materials during registration.

Arrangement

The arrangement of subjects in this *Timetable* is alphabetical. The courses offered in each subject are listed numerically with headings to indicate the students for whom they are designed. Courses for undergraduates (designed for freshmen and sophomores) are numbered 100 to 199; for advanced undergraduates (designed for juniors and seniors), 200 to 299; for advanced undergraduates and graduates (junior, senior, or graduate standing required), 300 to 399; for graduates, 400 and above. Following the title of each course is a statement of the requirements, if any, for admission to the course.

Class Periods

Class periods for each course are indicated by numerals for the hours of the day and by letters for the days of the week. For example, "8-10 MWF" indicates that the class period begins at 8:00 a.m. and continues for approximately two hours on Monday, Wednesday, and Friday; "11 TTS" means that the class period begins at 11:00 a.m. and continues for fifty minutes on Tuesday, Thursday, and Saturday. Any class beginning after 6:00 p.m. is indicated by the letters PM.

For example, "730-930PM" indicates that the class period begins at 7:30 p.m. and continues until approximately 9:30 p.m. The place of meeting of each class is shown by the number of the room and the name of the building.

Credit

Credit for undergraduate students is counted in semester hours. An hour is one class period a week for one semester or the equivalent in laboratory or field work or approved independent study. The number of hours for which each course counts is shown under each course.

Credit for graduate students is counted in units. A unit course requires ten hours of time each week through the semester, irrespective of the distribution of that time in class work, laboratory or field work, and private study. Four such courses or their equivalent constitute a student's normal program for one semester. The unit values of graduate courses are indicated under each of these courses. No course may be taken for graduate credit unless it is so designated in this *Timetable* of courses offered. In general, 1 graduate unit is the equivalent of 4 semester hours of undergraduate credit.

Some courses have variable credit, such as 3 to 5 hours or $\frac{1}{2}$ to 2 units, and in registering for a course with variable credit each student puts on his or her Program Request Form the number of hours or units for which he or she intends to take the course.

A course may not be taken for zero credit unless such credit is specifically authorized in the *Timetable*.

Approval of the Graduate College must be obtained for the registration of undergraduate students in 400-level courses for either semester hour or unit credit, or in 300-level courses for unit credit.

The University of Illinois at Urbana-Champaign does not necessarily endorse, recommend, and/or approve the products and services advertised in this publication. Endorsement, recommendation, and/or approval are not implied and should not be inferred.

The commitment of the University to the most fundamental principles of academic freedom, equality of opportunity, and human dignity requires that decisions involving students and employees be based on individual merit and be free from invidious discrimination in all its forms, whether or not specifically prohibited by law.

The policy of the University of Illinois is to comply with all federal and state nondiscrimination, equal opportunity, and affirmative action laws, orders, and regulations. The University of Illinois will not discriminate against any person because of race, color, religion, sex, national origin, ancestry, age, marital status, handicap, unfavorable discharge from the military, or status as a disabled veteran or a veteran of the Vietnam era. This nondiscrimination policy applies to admissions, employment, and access to and treatment in University programs and activities.

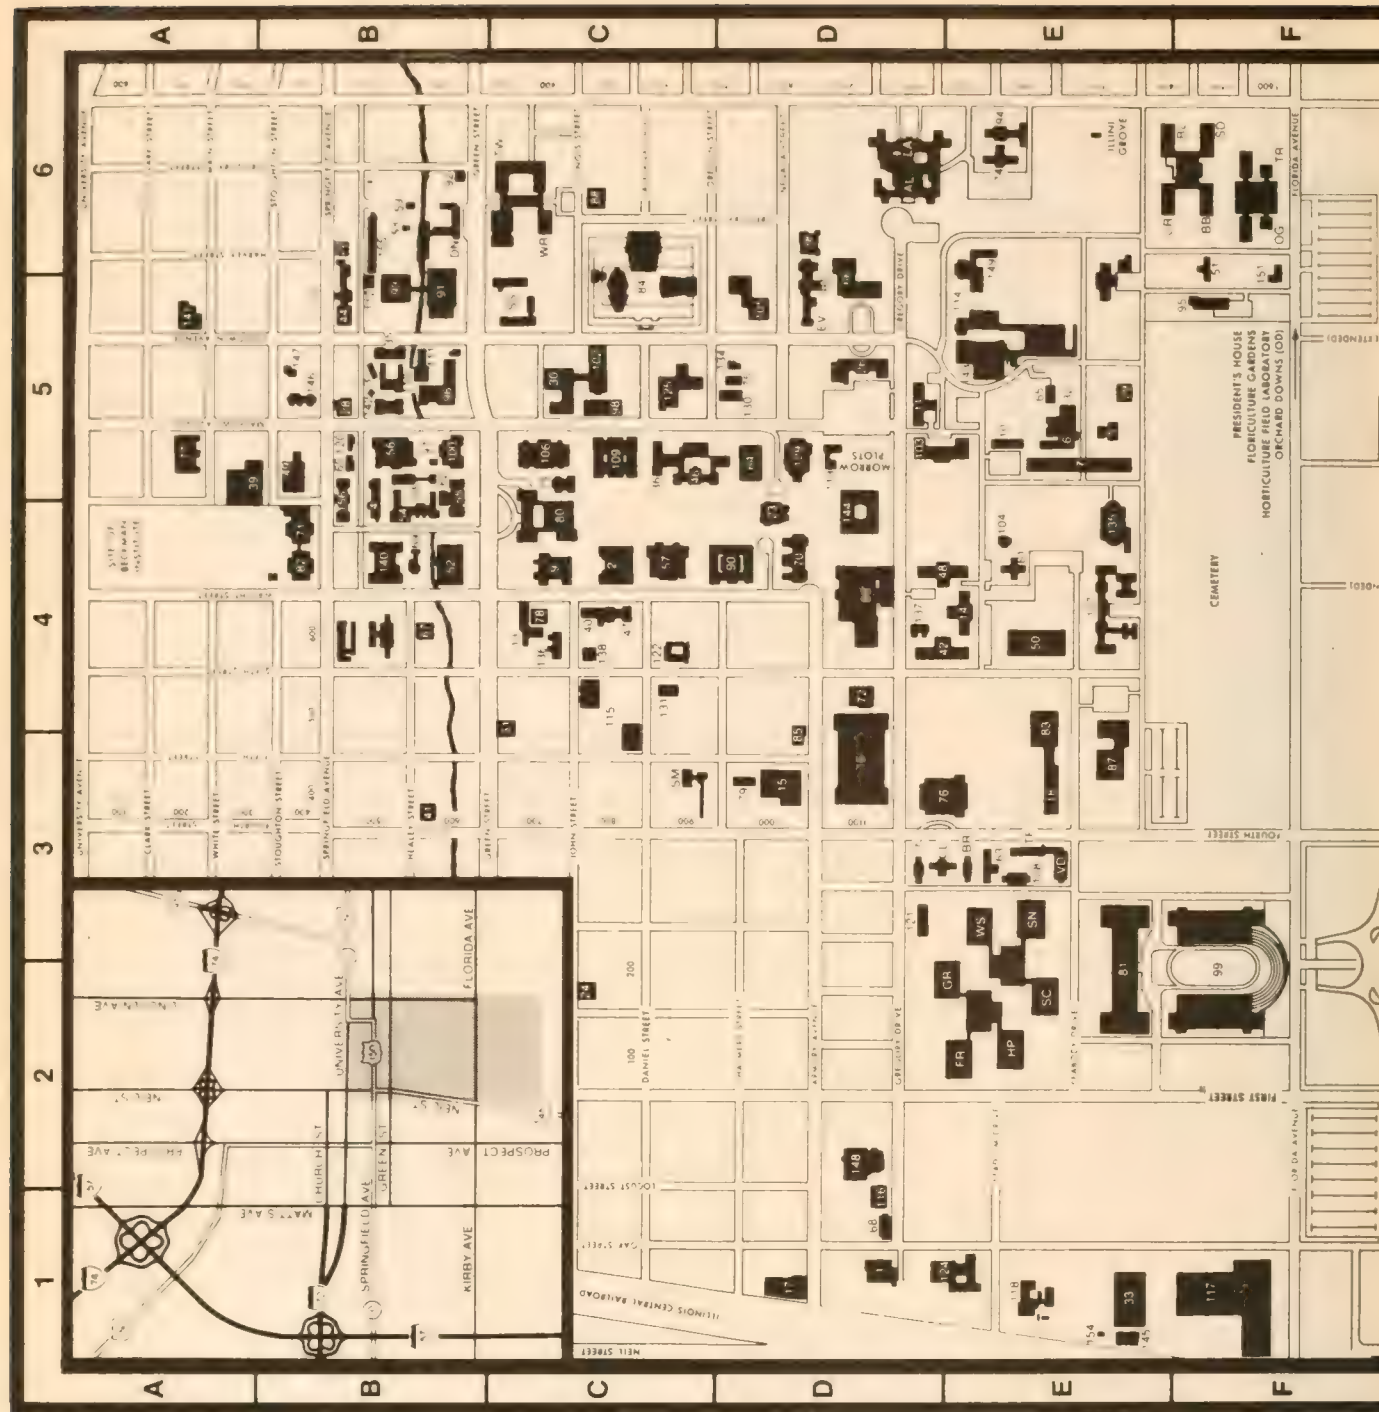

Among the forms of invidious discrimination prohibited by University policy but not law is sexual orientation. Complaints of invidious discrimination based solely upon policy are to be resolved within existing University procedures.

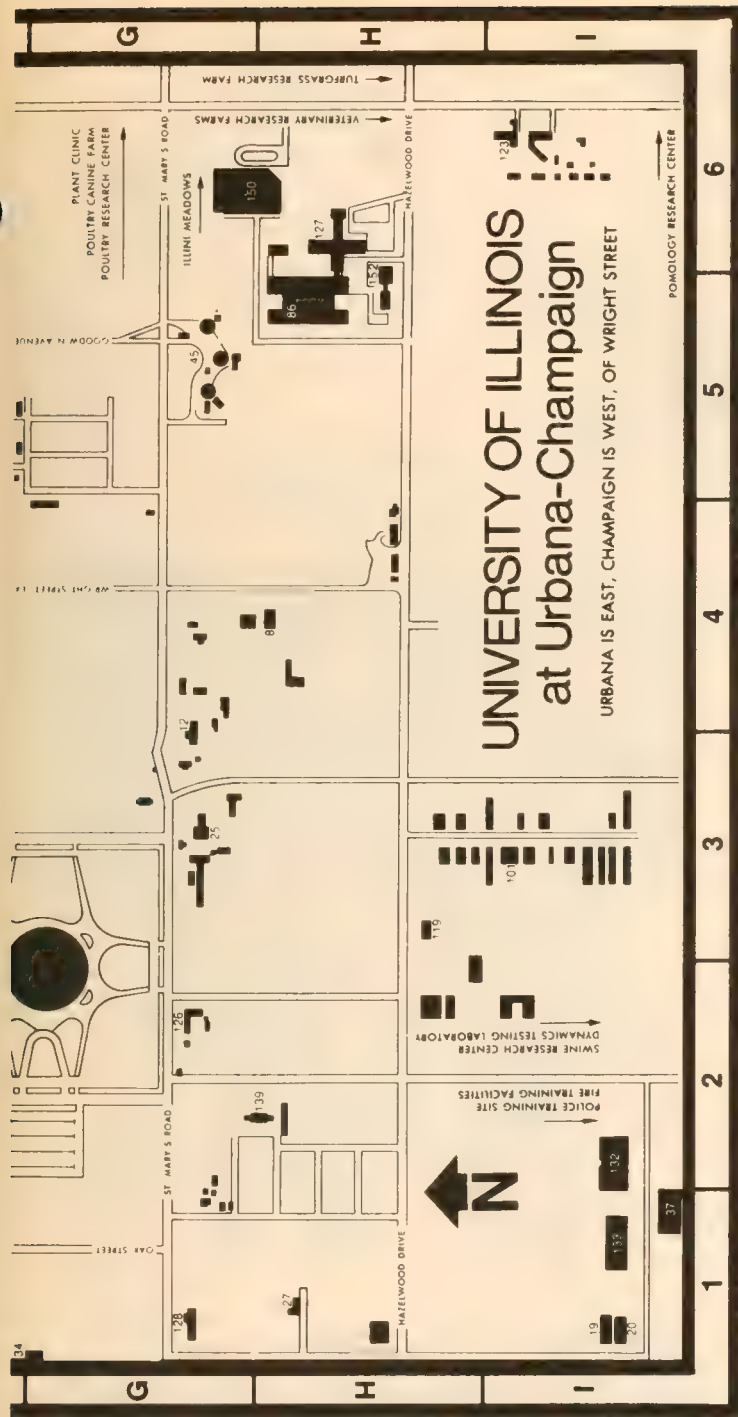

For additional information on the equal opportunity and affirmative action policies of the University, please contact on the Urbana-Champaign campus: William A. Savage, Assistant Chancellor and Director of Affirmative Action, Swanlund Administration Building, 601 East John Street, Champaign, Illinois 61820 (217/333-0574).

***Want to move
up quickly?***

Then get in on the ground floor in our Platoon Leaders Class program for college freshmen, sophomores and juniors. You can keep your options open in this non-obligatory program while checking out an exciting potential career. And also have some great advantages:

- * Earning \$100/month during the school year
- * As a freshman or sophomore, complete your initial training during two 6-week sessions earning over \$1300 per camp
- * Juniors earn more than \$2100 during one 10-week session
- * Seniors and graduates can be commissioned through the Officer Candidate Class
- * You can take free civilian flying lessons
- * You're commissioned upon graduation from college

If you're looking to move up quickly, look into the Marine Corps' commissioning programs. You could start off making more than \$23,000 a year.

Marines
We're looking for a few good men.

For further information, contact your Officer Selection Team.

CHEM 101 General Chemistry, Lecture And Laboratory.

PREREQUISITE: CREDIT IN OR EXEMPTION FROM MATH 111 OR 112, ONE YEAR OF HIGH SCHOOL CHEMISTRY OR EQUIVALENT PLACEMENT INTO 101 BY THE CHEMISTRY PLACEMENT TEST RECOMMENDED
FOR STUDENTS WHO HAVE SOME PRIOR KNOWLEDGE OF CHEMISTRY
*STUDENTS MAY NOT RECEIVE CREDIT FOR BOTH CHEMISTRY 101 AND CHEMISTRY 107 AND 109
4 HOURS

TWO INSTRUCTIONAL FORMATS ARE OFFERED. SECTIONS 111-149 INVOLVE LECTURE AND LAB (ONE CALL NUMBER REQUIRED). THE A SECTIONS INVOLVE THE LECTURE AND A QUIZ/LAB COMBINATION. THE A SECTIONS EMPHASIZE APPLICATIONS OF INTEREST TO STUDENTS IN THE COLLEGE OF AGRICULTURE
